1902

ORGANIZATION OF CITY GOVERNMENT.

TUESDAY, January 7, 1902.

The members elect of the city government for the municipal year of 1902, having met for organization agreeably to the provisions of the city charter, the oath of office by law prescribed was administered to the mayor-elect, Francis A. Perry, by Hon. John E. Allen, who then introduced him to the aldermen and councilmen present. After roll-call by the clerk, His Honor Mayor Perry administered the oath of office to the following members of the boards of aldermen and councilmen, to wit:

BOARD OF ALDERMEN.

- Ward 1.—JAMES E. MARSH.
- Ward 2.—FREDERICK M. HAMILTON.
- Ward 3.—OSCAR H. FAY.
- Ward 4.—CADMON D. ROBERTSON.
- Ward 5.—JOHN J. DONOVAN.

BOARD OF COMMON COUNCIL.

- Ward 1.—HENRY C. ALLEN.
JAMES E. CHANDLER.
HENRY W. LANE.
- Ward 2.—HARRY T. KNAPP.
EVERETT N. COLBY.
GEORGE W. SARGENT.
- Ward 3.—OSCAR D. BEVERSTOCK.
BURTIS L. PARKMAN.
GEORGE B. ROBERTSON.

Ward 4.—WINDSOR H. GOODNOW.

BYRON E. ROBERTSON.

CLARENCE N. HOLMAN.

Ward 5.—HERBERT L. TENNEY.

Prayer was offered by Rev. Alfred H. Wheeler, after which the mayor delivered his inaugural address.

After the prayer and inaugural address, Frank H. Whitcomb was elected clerk, and Joseph F. Emmons, city messenger, and the councils then adjourned until 7.30 o'clock.

At 7.30 o'clock p. m., the common council organized by the choice of Windsor H. Goodnow, as president, and Herbert O. Wardwell, clerk.

THE MAYOR'S INAUGURAL.

Gentlemen of the City Councils:

In accordance with the provisions of the city charter we enter today upon the duties of the offices to which we were elected on the second Tuesday of December last. Custom has made it incumbent on the mayor to make a brief statement of the condition of the city in its various departments, and to add thereto any suggestions and recommendations that may seem to him proper and judicious, at the beginning of the municipal year, which duty, for the third time, it is now my purpose to perform.

A severe epidemic of scarlet fever, which commenced in January and continued about three months, prostrated business, interfered with the work of the schools, necessitated the closing of the city hall and the public library. In addition to the large death rate noted in the report of the health commissioners, and the expenses incurred in the aid of families in quarantine, its effects may be traced in the falling off in the circulation of library books during the brief period to the number of 10,200 volumes and in the decreased rents of city hall collected by the city messenger, whose collections would otherwise have exceeded those of any one year since the city hall has been in use for public purposes.

It is encouraging to note the increase of population, now estimated at 9,700, and the additional dwellings erected, the new business blocks, additions and improvements to manufacturing and other commercial plants, the city's increased valuation and the general prosperity of our citizens. Under the present favorable conditions it seems safe to predict a much more rapid growth for Keene in the future.

Before proceeding to the consideration of the other business transacted during the year or to review the reports, I desire to say a few words to those who are to be associated with the executive as members of the councils and to those who are to be selected by the city government to assist in carrying on the work of the year.

In order to have the municipal government kept at a high standard of efficiency there must be both individual and collective responsibility. If we have this, there appears to be no valid reason why business principles may not with the same propriety be applied to municipal affairs as to private corporations. The business principles which are successfully used in conducting any large business may be applied with greater benefit to municipal administration. Every appointee in the councils and every officer holding under these bodies should know that his appointment is made because he is believed to be fitted to give faithful service in the position he has received and that faithful service alone will prove his good citizenship and loyalty to the local government.

Committee work is of the utmost importance and should be carefully and promptly done, by the full committee if possible. The appropriations for the ensuing year will require your attention at an early date. They

should be made with a view to the needs of the various departments and, after being made and credited to the accounts for which they are set apart, should not be diverted, but if additional sums are necessary, through changed conditions or other causes, the facts should be presented to the councils, thereby allowing a full expression of the members before any further expenditure is made.

Before entering upon our duties it will be well for us to review the principal work accomplished during the year, the present state of affairs, and the demands that are likely to be made upon us in the future. I will therefore lay before you the condition of our finances, to be followed by department review and such recommendations as seem to be necessary.

FINANCE.

The bonded indebtedness of the city December 1, 1901, was \$192,000. The bonded indebtedness reported one year ago was \$207,000, which has been reduced to the amount noted above by the payment of fifteen thousand dollars of the indebtedness incurred in granting the gratuity to the Manchester and Keene railroad.

The present bonded indebtedness comprises the following:

Railroad gratuity 4 per cent bonds,	\$40,000 00
Sewerage 4 per cent bonds,	70,000 00
Water bonds, 1887, 3½ per cent,	37,000 00
Water bonds, 4 per cent,	45,000 00
Total bonded city debt,	<hr/> \$192,000 00

The above named bonds fall due annually in various amounts, from the year 1902 to 1917, inclusive.

The floating debt is made up of two items, as follows:

Demand loan, 3 per cent, issued to retire old water works bonds, balance due December 1, 1900,	\$7,544 18
Endorsements—Dividends from the water loan sinking fund:	
Cheshire Provident Institution,	\$1,330 50
Keene Five Cents Savings bank,	1,215 24
Keene Guaranty Savings bank,	384 54
	<hr/>
	\$2,930 25
Balance due December 1, 1901,	\$4,613 93
Demand loan, 3½ per cent, issued by finance committee for refunding city debt incurred in the construction of bridges,	\$7,000 00
	<hr/>
Total floating debt,	\$11,613 93
Total bonded city debt,	192,000 00
	<hr/>
Total city debt,	\$203,613 93

Apart from the bonded and floating indebtedness, the finance committee has effected a temporary loan of \$3,825, at three and one-half per centum, to pay for lands surrounding the water supply in Roxbury and a parcel of land on Beech hill. This amount will not have to be provided for during the present year. The interest on this loan has been provided for in the estimates presented to the councils, which the finance committee of 1901 reported as being, in their judgment, necessary for the expenses of the current year.

Apart, also, from the investment of certain trust funds by vote of the councils, during the year, the other dividends withdrawn from the trust funds deposited in the savings banks of Keene, which one year ago amounted to \$8,670.87, and were in the hands of the city treasurer

awaiting investment, were treated as a liability and deducted from the assets reported as available from uncollected taxes. It is well to understand that these dividends are made available for current expenses by special act of the legislature, so far as the cemetery funds are concerned, and that the use of all the funds included in the above amount has saved the city the payment of interest on a large amount of borrowed money.

The Coolidge annuity, the library book fund from the Thayer and Chapin gift, and the amount of the three and one-half per centum interest on the cemetery funds, are provided for in the annual appropriations.

That all may keep in mind the fact that this class of liabilities is constantly increasing and will have to be met in the remote future, possibly, I will enumerate the amount of the several funds noted above, giving the amount on December 1, 1900, and December 1, 1901, respectively:

	1900.	1901.
Coolidge fund,	\$2,128 07	\$3,192 10
Thayer and Chapin fund,	5,000 00	5,000 00
Cemetery funds,	1,542 80	2,977 93
	<hr/>	<hr/>
	\$8,678 87	\$11,170 03

ASSETS.

Due from collector of taxes, 1898,	\$994 52
Due from collector of taxes, 1899,	2,994 75
Due from collector of taxes, 1900,	3,175 65
Due from collector of taxes, 1901,	21,700 38
	<hr/>
	\$28,865 31
Deposited in Cheshire Provident Institution,	\$9,313 54
Deposited in Keene Five Cents Savings Bank,	4,860 82

Deposited in Keene Guaranty Savings Bank,	\$3,076 26
Balance of cash in treasury,	19,195 91
	<hr/>
	\$65,311 84
Less liabilities,	28,654 94
	<hr/>
Balance of assets over liabilities,	\$36,656 90

Although the trust funds placed in the city treasury during the past year have increased the liabilities, yet the balance of assets over liabilities is larger by \$1,278.78, than one year ago.

Fifteen thousand dollars of railroad gratuity bonds become due on July 1, 1902, and I recommend that they be paid by taxation the present year. The plan of allowing two per centum discount on all taxes assessed which are paid on or before August first, works to the advantage of the city and I recommend that the custom be adopted this year.

THE JUDICIAL DEPARTMENT.

The solicitor reports but one suit now pending in which the city is a party, that is, Michael Breen vs. Keene, for alleged damages to a horse which stepped into a hole on Elm street last spring.

The business of this department has been conducted as usual with ability and with credit to the city.

HIGHWAY DEPARTMENT.

In considering the subject of highways, a most important branch of our municipal business, in my judgment the chief problem with us, is whether we obtain adequate returns for the highway expenditures. As I shall state again hereafter, it is my firm conviction that, having due regard to the demands of the other departments and to

the demand for keeping down taxation, we are as liberal with our highways as our duty permits. In the two years of a highway commission no great benefits from it are apparent. Whether it is because it has not yet had time to prove its improvement over the former system, or whether the former system is on the whole preferable, is a question which sooner or later will be called to the study and judgment of the city government. In my inaugural address last year I called attention to some matters in connection with road building, such as proper methods of repair and width of macadam, and I would ask the government this year to give time and thought to some of these points.

The report of the highway commission will be found with some details on pages 193-204 inclusive. I ask that you read it carefully. I will call attention only to a few of the suggestions and recommendations for this year's work. The report says: "The department has purchased no cobbles for future work, and would recommend that the portable crusher be placed in the city pasture, and that the large stone in and around the Branch be crushed and used in macadamizing Main street, commencing at the railroad tracks and continuing south to the hotels, and as much further as is possible." For my own part, I would ask that you consider the following suggestion at an early day. To place the portable crusher in the city pasture, crush and use the large stones in and around the city pasture belonging to the city for such repairs as may seem necessary and in macadamizing Main street, the macadamizing to be of such width as you think necessary and wise, beginning at the hotels instead of the railroad tracks and working south, expending such part of the year's appro-

priation as in your judgment seems best. And then the section from the railroad tracks, if deemed best in your judgment after examination, be renewed and resurfaced with screened material, similar to that used when this section was built in 1889. At that time the work in some of its details was done with due care and at large expense. That it must have been for the main part well done is shown by the fact that very little has been done to it in the twelve years of its use since. I think that you will agree with me in saying that one of our principal streets should not longer be neglected and permitted to run down and be in such poor condition as has been the case with Main street for the past few years, and I recommend that repairs be made upon it during the present year.

Without mentioning the expense of the bank wall at the Mill pond, which was provided for by a special appropriation, the following items were expended during the year for streets and highways and the public lights thereon:

Highways,	\$11,697 91
Macadam,	766 27
Repairs of macadam,	1,030 17
Repairs of concrete walks,	505 56
Drains,	1,072 21
Public lights,	8,305 42
	<hr/>
	\$23,377 54

This amount, being nearly one-half of the sum raised by taxation the past year, seems to me to have been a very liberal allowance to this branch of the public expense. I call your attention to the recommendations in the report and would be glad to ask you to follow out the lines suggested, but we are not prepared for any such outlay at the present time. The demands of the city are great,

and it is a pleasure to be able to comply with them, but it is better to put up with many discomforts rather than be burdened by a continually increasing tax rate or an ever increasing debt.

WATER WORKS.

You are aware of the petition presented to the councils last summer, which asked for a supply of pure, wholesome water. You are aware of the appointment of a committee to take the matter under consideration and, as there had been at times complaints of the odor and objections to the use of water from Sylvan lake, there appeared to be no source where they might look for an additional supply of pure, wholesome water, except the one at Roxbury. But when the committee took the matter in hand it was discovered that the city did not own all the land around the lake and did not own all the land actually covered by the water supply itself. Efforts were then made to secure the land entirely around the lake which, of course, ought to have been done years ago. The committee succeeded in securing options for a short time on the land surrounding Echo lake and extending to the top of the surrounding hills. The committee, at a meeting called for the purpose, made a report of progress to the councils, stating that calculations had been made to determine the amount of water that it might be reasonably expected to store from the watershed.

It was estimated that a dam raised to a height of about eight feet above the old or present dam would increase the supply between four and five hundred millions of gallons. After hearing the report the councils voted to authorize the purchase of the land and instructed the

finance committee to borrow the money, \$3,825, which they accomplished at 3½ per cent. The purchase was consummated the following day and the deeds offered for record at that time.

As soon as possible an examination of the premises was made by experts to determine the nature of the foundation for a dam and it was found that a ledge at the point where the dam would in all probability be located reached nearly across the south end of the lake, so that a dam could be constructed about thirty or forty feet from the Roxbury highway leading to Chesham. The result of this examination was that steps were taken to have plans and specifications prepared and, at a future meeting, it was voted to have the water, sewer and drain commissioners cut off the wood and timber, of which there is a large amount, to a height on the watershed to allow the pond to be raised 10 feet; to have the brush cleared up and the wood and timber sold and the proceeds derived from the sale, after paying the necessary expenses, to be deposited in the city treasury as a water works contingent fund.

Much of the wood has been already cut and you may expect a further report from the committee at no distant day, at which time such action can be taken as seems to the councils to be wise and proper.

The amount which I named as being paid for the land included a tract of land on Beech hill, near the octagon reservoir, purchased with the view of its utility for a storage reservoir of large capacity, which location was also examined by the engineers, and plans and specifications for a reservoir dam ordered made. This project, we are

assured, will receive the attention of the committee and be referred to in their forthcoming report.

The water works have received the usual good care the past year and are reported to be in a comparatively good condition. The old cement lined pipe gives some trouble through weakness, but, with patching occasionally, may last several years. It, however, grows weaker and more difficult to repair, from year to year.

A more abundant supply of pure water, and a distributing reservoir of large capacity seem to require, and will doubtless receive, your careful study. For details of water works, sewers and drains, I refer you to the report of the water commissioner and to the report of Superintendent Paul F. Babbidge.

FIRE DEPARTMENT.

From the report of the chief engineer it appears that the number of alarms for the year has been forty-eight, which is an increase of more than fifty per cent over the year previous. Of this number fifteen were bell alarms and thirty-three "still alarms," or alarms by telephone, received without a general alarm being "rung in."

The value of property endangered by these fires is estimated at \$389,550; the losses, \$62,208; the insurance paid, \$47,118.

The chief engineer recommends that a new ladder truck be provided and equipped with a sufficient number of ladders to reach the highest buildings, and also additional ladders of medium lengths. I recommend that you give this matter consideration at an early date, as the erection of several high buildings necessitates changes in the apparatus for their protection.

I suggest when adding new fire hose that 500 feet only be bought at one time, as I think, and the chief engineer agrees with me, that a small amount bought annually to increase the supply in use and to make up for depreciation, is better than a large amount bought at longer intervals. For further details I refer you to Chief Engineer Towne's report.

That our city has a good fire department no one can doubt in view of the splendid work accomplished the past season. It is well equipped and maintains the best of discipline. The expenses of maintenance, its quarters and apparatus, amount annually to several thousand dollars. But in view of the excellent discipline, the good care taken of the appliances in use, and the loyal and faithful service rendered in protecting the property of our citizens, this expenditure does not seem extravagant or even excessive, when compared with the security the inhabitants feel.

POLICE DEPARTMENT.

The Rev. Edward A. Renouf, D. D., in generously presenting to the city five hundred dollars as the beginning of a police benevolent fund, mentions the vast service performed by a faithful body of police officers, in guarding the lives and property of citizens from harm, and this act cannot fail to meet their approbation.

The declaration that the mayor shall be the chief executive officer of the city, would seem to imply that he has large authority, but there is nothing that he can really execute until some other officer having authority under the law or some department of the government grants permission. He has a limited veto power. But to veto is not to execute. It is to stay execution. I wish to emphasize

this fact for the benefit of the large number of people who are possessed with the idea that the mayor can right all wrongs, and is in a sort of accessory sense a party to all offences that escape punishment.

The local police force is concerned with the peace, dignity and good order of the city, the protection of individuals and their property, as well as with the detection, repression and punishment of criminal offences, and in all these important relations which they bear to the community, the mayor, as such chief executive, expects every member of the police force to do his duty, faithfully and impartially, under all circumstances and under all conditions. For the details of work accomplished by this department your attention is called to the reports of the police justice and city marshal.

STREET LIGHTS.

The number of arc lights remains the same as when the present contract went into effect in 1900, which was 55. The number of incandescent lights at the same date was 106. There have been added since the following:

Library building, West street,	1
Y. M. C. A. building, West street,	1
Cooke elm, West street,	1
Island street,	2
Roxbury, corner of Gurnsey street,	1
Dunbar street,	1
Water street, opposite Willow street,	1
	<hr/>
	8

Which added to the 106 makes at this time 114 incandescent lights in use.

PUBLIC LIBRARY.

From the report of the trustees the following information is taken:

Number of volumes December 1, 1900,	11,306
Net additions for the year ending December 1, 1901,	416
	<hr/>
	11,722

Total circulation for the year ending December 1,
1901, 23,263 vols.

The library was closed fifty-two days on account of the scarlet fever epidemic.

Total circulation for the year ending December 1,	
1900,	33,463 vols.
Decrease in circulation the past year,	10,200 vols.

For other valuable information I refer you to their report.

BOARD OF HEALTH.

The board of health report that during the severe epidemic of scarlet fever, last spring, 181 cases were reported to them and that of this number twenty-two died. There were also two cases of small pox and three cases of varioloid. Since September 5th there have been but two cases of scarlet fever reported in the city. Of the six cases of diphtheria reported, one person died. There have been four cases of typhoid fever, two of which were brought here for treatment from out of town. The origin of the two remaining cases in town is unknown. One of these was fatal.

The work of the board of health, which, as its name indicates, is a board organized in the interests of the health of the people, is being more fully appreciated, and the people are beginning to realize, I think, that while their orders and demands sometimes seem unreasonable, they are entirely for the public good, and in their efforts, and especially those designed to prevent the spreading of contagious and infectious diseases, they should have the hearty support of the people.

CEMETERY DEPARTMENT.

At the beginning of the municipal year of 1898, a change was made in the management of the cemeteries. Formerly the superintendent received a nominal salary and the amount of bills rendered to individuals whose lots were placed in his care. The change provided for the collection of such charges for the benefit of the city and allowed the superintendent to receive pay for each day's service rendered in his department work. The appropriation was made up of the amount collected for lots sold and the work performed for individuals that year, which was not sufficient to meet expenses, the account being overdrawn \$582.26 at the end of the year. In 1899 the account was overdrawn \$1,572.57 and the councils of 1900 appropriated the sum of \$1,500 to make up the deficiency. At the close of the year's business the account was still overdrawn \$776.46. One year ago the sum of \$800 was appropriated to cover the deficiency. During the year by special appropriation, new avenues have been constructed in the eastern division of Woodland cemetery and land purchased, which enabled the department to remove an unsightly building. A new iron bridge was placed over the brook, on the cemetery road between Woodland and Greenlawn cemeteries to replace a decayed wooden structure. The past year has been a prosperous one for the department. The account has a balance of \$755.51 to its credit and, in view of this and other favorable conditions reported by the superintendent, the finance committee has recommended that only \$300 be appropriated the present year.

The plans and appraisal of lots and other improvements, suggested in my inaugural last year, have received

the attention of the committee on burial grounds and, hereafter, suitable and more accurate records of the department can be kept.

PARKS.

Attention is called to the shooting and setting fires on the land and in the woods belonging to the city, which has called out the fire department and the citizens several times. Besides being expensive, these matters are positively dangerous. Large numbers of people resort to these public grounds for recreation; no one has a right to use them for other purposes, and all should be safe from accidents which might be caused by the thoughtless.

I commend the good work and the generous spirit of our park commissioner.

CONCLUSION.

I have called your attention only to some of the more important matters which, it occurred to me, would receive your consideration. There are others, also of importance, of which I have made no mention, as a study of the full reports will give you all necessary information as to the standing and requirements of the several departments of the city.

It is not necessary to give you the assurance of my willingness to coöperate, not only with you but with all citizens who have the true interests of the city at heart, in all needful efforts to promote the prosperity of this municipality. With such coöperation we can give its citizens an administration creditable alike to the city and ourselves, and my sincere desire is, that in the discharge of our official duties, individually and collectively, we may be actuated by one common motive, that is to serve our city well.

CITY GOVERNMENT.

KEENE, N. H.

ORDINANCES AND JOINT RESOLUTIONS

PASSED BY THE CITY COUNCILS IN 1901.

CITY OF KEENE.

IN THE YEAR OF OUR LORD ONE THOUSAND NINE HUNDRED
AND ONE.

A JOINT RESOLUTION relating to the purchase of a boiler and wagon.

Resolved by the city councils of the city of Keene, as follows:

That the joint standing committee on water works, sewers and drains cause a suitable boiler and wagon for the use of the water department to be purchased at an expense not exceeding the sum of three hundred and fifty dollars, which sum is hereby appropriated from any money in the treasury not otherwise appropriated, for said purpose.

Passed December 19, 1901.

A JOINT RESOLUTION relating to unfinished business.

Resolved by the city councils of the city of Keene, as follows:

That all matters relating to the investigation of an increased water supply, heretofore reported on, from time to time, by the joint standing committee on water works, sewers and drains, be recommitted to the same committee of the city councils of the municipal year 1902.

Passed December 19, 1901.

A JOINT RESOLUTION relating to wardrobes for fire station.

Resolved by the city councils of the city of Keene, as follows:

That the sum of seventeen dollars be and hereby is appropriated out of any money in the treasury not otherwise appropriated for the purpose of procuring suitable wardrobes for the fire station and that the joint standing committee on lands and buildings be and hereby is authorized to cause the same to be placed therein.

Passed December 19, 1901.

CITY OF KEENE.

IN THE YEAR OF OUR LORD ONE THOUSAND NINE HUNDRED
AND TWO.

A JOINT RESOLUTION relating to regular meetings.

Resolved by the city councils of the city of Keene, as follows:

That the city councils meet on the first and third Thursdays of each month, at 7.30 o'clock p. m., for general business.

Passed January 7, 1902.

A JOINT RESOLUTION relating to annual appropriations.

Resolved by the city councils of the city of Keene, as follows:

That in accordance with the recommendation of the committee on finance, the following sums be and hereby are appropriated:

Ordinary city charges,	\$7,500 00
City paupers,	1,000 00
Repairing highways and bridges,	10,000 00
Macadam, repairs of Main street,	2,000 00

	<hr/>
	\$69,306 52

And that the sum of fifty thousand dollars be raised by taxation, and the balance be paid from any money in the treasury not otherwise appropriated.

Passed January 16, 1902.

A JOINT RESOLUTION relating to a liquor agent for the ensuing year.

Resolved by the city councils of the city of Keene, as follows:

That the city of Keene have a liquor agent or liquor agents for the ensuing year.

Passed February 6, 1902.

A JOINT RESOLUTION relating to plans of Woodland cemetery.

Resolved by the city councils of the city of Keene, as follows:

That a sum not exceeding \$150.00 be and hereby is appropriated, for the purpose of preparing suitable plans and other records relating to the western division of Woodland cemetery, from any money in the treasury not otherwise appropriated.

Passed February 6, 1902.

A JOINT RESOLUTION relating to a special committee.

Resolved by the city councils of the city of Keene, as follows:

That His Honor the Mayor, together with the chief engineer of the fire department and the joint standing committee on fire department, be constituted a committee

to consider the matter of procuring a suitable ladder truck and a sufficient number of ladders to equip the same.

Passed February 6, 1902.

A JOINT RESOLUTION relating to the Amoskeag fire engine.

Resolved by the city councils of the city of Keene, as follows:

That the sum of seventy-five dollars be and hereby is appropriated out of any money in the treasury not otherwise appropriated for the purpose of painting the Amoskeag fire engine.

Passed February 6, 1902.

A JOINT RESOLUTION relating to the free use of city hall.

Resolved by the city councils of the city of Keene, as follows:

That the free use of city hall be granted to Miss Elizabeth W. Twitchell, on February 10, 1902, in aid of the charity nursing fund of the Elliot City Hospital.

Passed February 6, 1902.

A JOINT RESOLUTION relating to street watering.

Resolved by the city councils of the city of Keene, as follows:

That the joint standing committee on streets be and hereby is authorized and instructed to cause to be watered, during the current year, such public streets and places as they, in their discretion, may deem judicious.

That the superintendent of streets be and hereby is instructed to furnish the said committee with two pairs of

the city's horses and drivers therefor, for the purposes aforesaid; but such horses shall always be at the absolute disposal of the proper authorities whenever required for the use of the fire department.

That the board of mayor and aldermen be and hereby is authorized and instructed to assess upon each estate abutting upon the streets and places so watered in 1901, the sum of two dollars and fifty cents to cover the cost of such watering, and to certify the amount of such assessments upon each estate so assessed to the collector of taxes, who shall include the same in the next tax bill issued for the annual tax on each of said estates, unless the same shall have been previously paid.

That such assessments shall be paid to the collector of taxes, and shall be due and payable on June first next.

That the streets so designated, and no others, shall be watered during the present year; provided, however, that said committee may cause to be watered other streets, or parts of streets, in their discretion, whenever two-thirds of the abutters upon any given street, or part of a street, shall so request in writing.

That in case the street watering service be extended as aforesaid, the committee aforesaid shall at once report the same to the board of mayor and aldermen, who shall proceed to assess the estates of all the abutters upon such streets or parts of streets, as hereinbefore provided, and certify the same to the collector of taxes, who shall collect the same in accordance with the provisions of this resolution hereinbefore contained.

Passed March 6, 1902.

AN ORDINANCE in amendment of Chapter XXXV, City Ordinances.

Be it ordained by the city councils of the city of Keene, as follows:

That Section 27 of Chapter XXXV, of the City Ordinances of the city of Keene, be stricken out.

Passed March 6, 1902.

A JOINT RESOLUTION relating to hook and ladder truck, etc.

Resolved by the city councils of the city of Keene, as follows:

That the sum of \$1,273.08 be and hereby is appropriated from any money in the treasury not otherwise appropriated for the purchase of a suitable hook and ladder truck and to pay incidental expenses; and that the mayor and chairman of the joint standing committee on fire department be and hereby are authorized to sign all necessary contracts in behalf of the city and certify all bills for the same.

Passed March 6, 1902.

A JOINT RESOLUTION relating to a bill passed to be engrossed on March 6, 1902, entitled "a resolution relating to a dam at Echo lake."

Resolved by the city councils of the city of Keene, as follows:

That such bill be returned by the board of mayor and aldermen to the common council and that all proceedings in said boards relating to said bill after its introduction be discharged and rescinded under a suspension of any rule or rules to the contrary notwithstanding.

Passed March 20, 1902.

A JOINT RESOLUTION relating to the appropriation of interest.

Resolved by the city councils of the city of Keene, as follows:

That the sum of ninety and twenty-two one-hundredths dollars, being the interest on several cemetery funds, be and hereby is separated from any money in the treasury not otherwise appropriated and appropriated for the care of lots and improvement of burial grounds, in accordance with the terms of the trust.

Passed March 20, 1892.

A JOINT RESOLUTION relating to the Minister fund.

Resolved by the city councils of the city of Keene, as follows:

That the sum of forty-one and twenty-nine one-hundredths dollars, being the income on the Minister fund so-called, be and hereby is appropriated to be divided among the resident clergymen of Keene, in accordance with the terms of the trust.

Passed March 20, 1902.

AN ORDINANCE in amendment of Chapter XXII, City Ordinances.

Be it ordained by the city councils of the city of Keene, as follows:

That Section 4 of Chapter XXII, of the City Ordinances of the city of Keene, be stricken out, and that the section now numbered 5 be numbered 4.

Passed March 20, 1902.

A JOINT RESOLUTION relating to free public band concerts.

Resolved by the city councils of the city of Keene, as follows:

That the sum of \$400 be and hereby is appropriated from any money in the treasury not otherwise appropriated in aid of free public band concerts.

This to include the \$250 unexpended remaining in the treasury from last year's appropriation.

Passed March 20, 1902.

A JOINT RESOLUTION relating to further work at Echo lake.

Resolved by the city councils of the city of Keene, as follows:

That, whereas, the water, sewer and drain commissioners were authorized, by vote of the city councils passed on September 5, 1901, to cause all the wood and timber, on land surrounding Echo lake in the town of Roxbury, which was standing on that portion of the city's land which would be flowed by raising the level of the lake eight feet above the high water mark, as reported prior to July 1, 1900, to be removed and whereas, it now appears to be inexpedient to further prosecute the work of cutting the wood and timber during the present season as aforesaid, therefore,

Resolved, that the commissioners be and they hereby are authorized, in the exercise of their discretion, to settle with the contractor and to discontinue the aforesaid work.

Passed April 3, 1902.

AN ORDINANCE in amendment of Chapter XXXVII, City Ordinances.

Be it ordained by the city councils of the city of Keene, as follows:

That Section 1 of Chapter XXXVII of the City Ordinances be so far modified that the same shall read as follows:

Section 1. No assignment of wages, by any of its officers or employees, on the city, shall be valid unless accepted in writing on the back thereof by the city clerk. And the city clerk is hereby authorized to accept on behalf of the city all such orders.

Passed April 3, 1902.

A JOINT RESOLUTION relating to harnesses.

Resolved by the city councils of the city of Keene, as follows:

That a sum not exceeding eighty dollars be and hereby is appropriated from any money in the treasury not otherwise appropriated for the purchase of harnesses for the use of the highway department.

Passed April 3, 1902.

A JOINT RESOLUTION relating to the Symonds fund.

Resolved by the city councils of the city of Keene, as follows:

That, whereas, the city treasurer has received the sum of sixty-two and fifty one-hundredths dollars, being the balance due on a certain western mortgage, from John Jackson, therefore,

Resolved that the mayor be and hereby is authorized to sign, seal, acknowledge and deliver to said Jackson, in the name and behalf of said city, a release of the said mortgage.

Passed April 3, 1902.

A JOINT RESOLUTION relating to the Ingersoll funds.

Resolved by the city councils of the city of Keene, as follows:

That the sum of fifty-one dollars, a dividend paid by the Cheshire Provident Institution on the Ingersoll Ladies' Park fund, and the sum of fifty-one dollars, a dividend paid by said institution on the Ingersoll Library fund, be placed in interest bearing certificates of deposit under the direction of the joint standing committee on finance.

Passed April 17, 1902.

A JOINT RESOLUTION relating to cemetery funds.

Resolved by the city councils of the city of Keene, as follows:

That the sum of seventy-one dollars and forty cents, the same being the amount of several dividends paid by the Cheshire Provident Institution, to wit:

Ingersoll fund,	\$25 50
Russell fund,	15 30
Bowker fund,	15 30
Gates fund,	5 10
Whitney fund,	5 10
Towns fund,	5 10
	<hr/>
	\$71 40

be and hereby is ordered paid into the treasury in accordance with the provisions of Section 6, Chapter VI, City Ordinances.

Passed April 17, 1902.

A JOINT RESOLUTION relating to payment on floating debt.

Resolved by the city councils of the city of Keene, as follows:

That the joint standing committee on finance cause the sum of thirteen hundred thirty and fifty one-hundredths dollars, it being the amount withdrawn from the Cheshire Provident Institution, water loan sinking fund, to be applied on the floating debt incurred in the payment of old water works bonds.

Passed April 17, 1902.

A JOINT RESOLUTION relating to numbering buildings in South Keene.

Resolved by the city councils of the city of Keene, as follows:

That, whereas the Post Office Department has extended the free delivery system to the village of South Keene, therefore,

Resolved, that Engineer Wadsworth be and is hereby authorized and instructed to procure numbers, affix the same to buildings not now numbered in the village of South Keene, on such basis of frontage as shall seem to him to be best, and record the same by plans in the office of the city clerk.

Passed May 1, 1902.

To Orville E. Cain, a Justice of the Peace for the County of Cheshire and State of New Hampshire.

The subscribers, owners of one-twentieth part of the stock and property of the Cheshire Tanning Company, a corporation duly established by law, represent that said corporation has failed to hold its annual meeting for the year now current. They, therefore, request you to call a meeting of the members of said corporation, to be held at your office in Keene in said county on Thursday, the 15th day of May A. D. 1902, at 11 o'clock and 30 minutes in the forenoon, for the purpose of acting upon the following subjects, to wit:—

1st. To choose a chairman to preside at said meeting.

2nd. To choose directors, a clerk, treasurer, and other officers of said corporation.

3rd. To see if the corporation will vote to sell its real estate in Keene, or any part thereof, and pass the proper votes to authorize the officers of the corporation, or any one of them, or any committee appointed for that purpose, to carry such vote into effect.

4th. To see if the corporation will vote to dissolve the corporation and authorize the officers of the corporation, or any of them or any committee which may be appointed, to take the proper steps to secure the dissolution of said corporation.

5th. To transact any other business that may legally come before said meeting, and to ratify and confirm the previous action of the directors and officers of said company.

Dated at Keene this nineteenth day of April A. D. 1902.

WALTER I. BIGELOW.

HENRY M. BIGELOW.

STATE OF NEW HAMPSHIRE,
CHESHIRE, SS.

To Henry M. Bigelow, of Boston, Mass.

Whereas application has been made to me, a justice of the peace for said county, as above:

You are required to warn a meeting of said corporation to be held at the time and place and for the purposes mentioned in said application by publishing a copy of said application and of this warrant three weeks successively in the New Hampshire Sentinel, a newspaper printed in Keene in said county, the last publication to be at least seven days before said day of meeting, and make return of this warrant at said time and place of meeting.

Given under my hand and seal this twenty-first day of April A. D. 1902.

ORVILLE E. CAIN,
Justice of the Peace.

A JOINT RESOLUTION relating to the meeting of the Cheshire Tanning Company.

Resolved by the city councils of the city of Keene, as follows:

That the mayor be and hereby is authorized and instructed to vote upon the stock of the Cheshire Tanning Company, which is owned by said city, at the stockholders' meeting of said company, to be held on May 15, 1902, upon the matters referred to in the call issued for said meeting.

Passed May 1, 1902.

A JOINT RESOLUTION relating to fire hose and ladders.

Resolved by the city councils of the city of Keene, as follows:

That the sum of five hundred dollars be and hereby is appropriated from any money in the treasury not otherwise appropriated for the purchase of fire hose; and two twenty-foot extension ladders, suitable for use in answering still alarms, and that the chief engineer and joint standing committee on fire department carry this resolution into effect.

Passed May 1, 1902.

A JOINT RESOLUTION relating to signs in the highway.

Resolved by the city councils of the city of Keene, as follows:

That William R. Smyth & Co. are hereby granted permission to erect a sign in front of their store on the outer edge of the sidewalk; and that F. M. Wheeler is hereby granted permission to erect a sign in front of his shop in Stone's block, under the direction of the joint standing committee on streets.

Passed May 1, 1902.

A JOINT RESOLUTION relating to the extension of water pipes in Greenlawn and Woodland cemeteries.

Resolved by the city councils of the city of Keene, as follows:

That the joint standing committee on burial grounds be and hereby is authorized to cause the water pipes to be extended in Greenlawn and Woodland cemeteries and that the sum of two hundred and forty-five dollars be and hereby is appropriated from any money in the treasury not otherwise appropriated for said purpose.

Passed May 1, 1902.

A JOINT RESOLUTION relating to a discount on taxes.

Resolved by the city councils of the city of Keene, as follows:

That the tax collector be and hereby is authorized and instructed to allow a discount of two per centum on all taxes assessed the present year which shall be paid on or before August 1, 1902.

Passed May 15, 1902.

A JOINT RESOLUTION relating to the use of city hall.

Resolved by the city councils of the city of Keene, as follows:

That the standing committee on city hall be and hereby is authorized to grant to John Sedgwick Post, G. A. R., the free use of city hall on the thirtieth day of May, 1902.

Passed May 15, 1902.

To the City Councils:

Gentlemen:—The joint standing committee on water works, sewers and drains and the commissioners beg leave to report that, for the purpose of preserving the purity of the present water supply from Echo lake they have

arranged for the purchase of certain lands, by the city, if the councils so determine, for the sum of \$1,250. The first tract comprises from 75 to 100 acres, south of the old Roxbury road, extending to Roaring brook. The second tract of one acre, with buildings thereon, called the Sipson place, has a brook running through it, back of the barn, which empties into Roaring brook. The third tract contains 30 acres, and is so situated that upon it can be erected an intercepting dam at an elevation of 738 feet above sea level or 257 feet above the Main street railroad crossing, the water thus impounded being 98 feet above the level of Sylvan lake.

On this 30 acre lot the committee and commissioners recommend that an intercepting dam be built of stone 135 feet long and 19 feet above the present bottom of the brook at its highest point, with a waste pipe and stone gate house. The intercepting dam would flow about 35,000 square feet, estimated to contain 2,500,000 gallons. They also recommend that the water be conveyed through South Keene through a 12-inch main, 11,600 feet to deliver 2,240,000 gallons of water at the schoolhouse against the pressure there of 40 pounds.

The expense of this plan may be stated as follows:

Dam,	\$6,629 00
Pipe line,	16,357 00
Land,	1,250 00
	<hr/>
	\$24,236 00

FREDERICK M. HAMILTON,
GEO. W. SARGENT,
HENRY W. LANE,

Joint Standing Com. W. W. S. & D.

NORRIS G. GURNSEY,
GEO. W. FISHER,
CHAS. M. NORWOOD,

Water, Sewer and Drain Commissioners.

A JOINT RESOLUTION relating to a dam and pipe line.

Resolved by the city councils of the city of Keene, as follows:

That the joint standing committee on water works, sewers and drains and the water, sewer and drain commissioners, be and hereby are constituted a special committee, to purchase the lands named in their report; to cause an intercepting dam to be constructed across Roaring brook on the E. Munsell lot, so-called; and that a sum of money, not exceeding twenty-five thousand dollars, sufficient to cover the cost of said lands, dam and pipe line to be laid through South Keene to the schoolhouse, be and hereby is appropriated from any money in the treasury not otherwise appropriated.

And be it further resolved that said special committee be and hereby is authorized to advertise for bids for the construction of said dam; and further directed to pledge the credit of the city for such sum of money, not exceeding the said sum of twenty-five thousand dollars, and to execute such contracts and obligations as it may find to be necessary to carry this resolution into effect.

Passed May 15, 1902.

KEENE, N. H., June 4, 1902.

To the Board of Mayor and Aldermen:

The undersigned desire to give to the city of Keene, the sum of one hundred dollars, in trust, the interest thereon to be used for the care of the Ralph J. Holt lot in Woodland cemetery. .

MARIA A. HOWES.

MARY JOSEPHINE ARMS.

A JOINT RESOLUTION relating to the Ralph J. Holt cemetery fund.

Resolved by the city councils of the city of Keene, as follows:

That the city of Keene, by its councils hereby accepts the sum of one hundred dollars from Maria A. Howes and Mary Josephine Arms, the same to be held in trust by said

city forever, and the income thereof only to be used in keeping in good condition the Ralph J. Holt lot in Woodland cemetery, and the treasurer is hereby authorized to receipt for the same and to deposit said fund in accordance with Section 6, Chapter VI, City Ordinances.

Passed June 5, 1902.

A JOINT RESOLUTION relating to division of school money.

Resolved by the city councils of the city of Keene, as follows:

That the money by law assessed in the city of Keene for the support of schools the present year amounting to the sum of \$17,544, the literary fund of \$772.65, and the unexpended balance of the dog license fees of \$934.36, making a total of \$19,251.01, to be divided between the school districts as follows, viz: \$75.00 be assigned to each of the twenty-five schools in union district, amounting to \$1,875.00, and the same amount to each of the eleven schools in the city district, amounting to \$825.00, and the balance of \$16,551.01 be apportioned pro rata among the 1526 scholars in union district, and the 183 scholars in the city district, making the whole amount apportioned to union district, \$16,653.72, and to the city district, \$2,597.29.

Passed June 5, 1902.

A JOINT RESOLUTION relating to the purchase of a wagon.

Resolved by the city councils of the city of Keene, as follows:

That the sum of one hundred dollars be and the same is hereby appropriated from any money in the treasury

not otherwise appropriated, for the purchase of a suitable wagon for the use of the water department, under the direction of the joint standing committee on water works, sewers and drains.

Passed June 5, 1902.

A JOINT RESOLUTION relating to a dam and pipe line.

Resolved by the city councils of the city of Keene as follows:

That the joint resolution relating to a dam and pipe line, passed May 15, 1902, be altered so that the same shall read as follows:

That the joint standing committee on water works, sewers and drains and the water, sewer and drain commissioners be and hereby are constituted a special committee to purchase the lands named in their report; to cause an intercepting dam to be constructed across Roaring brook on the E. Munsell lot so-called; and that a sum of money not exceeding twenty-five thousand dollars sufficient to cover the cost of said lands, dam and pipe line to be laid through South Keene to the schoolhouse, be and hereby is appropriated from any money in the treasury not otherwise appropriated.

And be it further resolved that said special committee be and hereby is authorized to advertise for bids for the construction of said dam; and further directed to pledge the credit of the city for such sum of money not exceeding the said sum of twenty-five thousand dollars and to execute such contracts as it may find to be necessary to carry the foregoing matters into effect.

And be it further resolved that the joint standing committee on finance be and hereby is authorized to borrow for the city the sum not exceeding twenty-five thousand dollars for which the credit of the city may be pledged as above provided and to execute such obligations as may

be necessary, therefor, any bonds to be issued in conformity with the provisions of New Hampshire Laws of 1895, Chapter 43.

Passed June 5, 1902.

A JOINT RESOLUTION relating to purchase of flag for city hall.

Resolved by the city councils of the city of Keene, as follows:

That the sum of sixteen dollars (\$16.00) be and hereby is appropriated for the purpose of purchasing a new flag to be used on city hall, same to be purchased by the standing committee on city hall.

Passed June 19, 1902.

A JOINT RESOLUTION for the publication of the history of Keene.

Resolved by the city councils of the city of Keene, as follows:

That the board of mayor and aldermen be and hereby are authorized to choose a committee of three persons, which committee shall be and hereby is authorized to advertise for bids and contract for the publication of the history of Keene written by the late Gen. Griffin, with such minor changes and any additions as they may see fit to make, the size, style, binding, paper and other details for the same to be determined by said committee and also the number of volumes. And the unexpended balance of the appropriation for writing said history is hereby appropriated for the contingent expenses of said committee, to be paid from funds in the city treasury not otherwise appropriated.

Passed June 19, 1902.

A JOINT RESOLUTION relating to a band stand in Central square.

Resolved by the city councils of the city of Keene, as follows:

That citizens of Keene, subscribing toward a band stand, may erect the same under the direction of the trustees of the Keene Military Band Association, in Central square, the location and the length of their term of occupancy to be determined by the board of mayor and aldermen.

Passed June 19, 1902.

A JOINT RESOLUTION relating to the extension of sewer mains.

Resolved by the city councils of the city of Keene, as follows:

That the sum of nine hundred and thirty dollars be and hereby is appropriated from any money in the treasury not otherwise appropriated for the extension of sewer mains under the direction of the mayor and aldermen.

Passed June 19, 1902.

A JOINT RESOLUTION relating to the Symonds fund.

Resolved by the city councils of the city of Keene, as follows:

That the joint standing committee on finance be and hereby is authorized and instructed to invest, in the exercise of their discretion, any funds in the hands of the city treasurer belonging to the Symonds fund, not invested in interest bearing securities.

Passed June 19, 1902.

A JOINT RESOLUTION relating to request of Mrs. Julia B. Thayer.

Resolved by the city councils of the city of Keene, as follows:

That, whereas Mrs. Julia B. Thayer has requested the privilege of making certain improvements, near the stone watering trough at the intersection of Arch street and Park avenue, at her own expense, the request is hereby granted; and the mayor and joint standing committee on streets are hereby authorized to decide upon the location of posts and the extent of the area to be improved, within the limits of the highway.

Passed June 19, 1902.

A JOINT RESOLUTION relating to the Faulkner legacy.

Resolved by the city councils of the city of Keene, as follows:

That the proceeds of the \$500 city of Pueblo water bond, being a part of the Faulkner legacy, be ordered paid into the city treasury, in accordance with Section 6, Chapter VI, City Ordinances.

Passed June 19, 1902.

A JOINT RESOLUTION relating to adjournment.

Resolved by the city councils of the city of Keene, as follows:

That when these bodies adjourn, it be to meet on Thursday, September 4th, 1902, at 7.30 o'clock p. m., unless otherwise ordered by the mayor.

Passed June 19, 1902.

KEENE, N. H., August 13, 1902.

To the Honorable Mayor and Board of Aldermen:

Gentlemen:—The will of Rebecca T. Wilder, late of Keene, deceased, contains a clause reading as follows: "I

give and bequeath unto the city of Keene aforesaid, the sum of one hundred dollars; said sum to be safely invested, and the annual income or interest thereof to be expended by said city or its proper officers in the care, preservation and in beautifying my family burial lot in the cemetery at West Keene." I am now prepared to pay this legacy, and will do so upon receiving notice from you of its acceptance.

Yours truly,

GEO. A. LITCHFIELD,
Executor.

A JOINT RESOLUTION relating to Rebecca T. Wilder cemetery fund.

Resolved by the city councils of the city of Keene, as follows:

That, whereas, the will of Rebecca T. Wilder, late of Keene, deceased, contains a clause reading as follows: "I give and bequeath unto the city of Keene aforesaid, the sum of one hundred dollars; said sum to be safely invested, and the annual income or interest thereof to be expended by said city or its proper officers in the care, preservation and in beautifying my family burial lot in the cemetery at West Keene" and, whereas, the executor of said will, George A. Litchfield, is now prepared to pay this legacy,

Resolved, That the said legacy be and is hereby accepted in accordance with the terms of said bequest; that the city clerk be and hereby is authorized to receipt for the same and deposit said sum in the city treasury in accordance with the provisions of Section 6, Chapter VI, City Ordinances.

Passed September 4, 1902.

To the Honorable Mayor and Board of Aldermen of the City of Keene:

The will of Edward Joslin, late of Keene, deceased, contains the following clause, viz:

"I give and bequeath to the city of Keene the sum of five hundred dollars; the same to be safely invested by said city as a permanent fund; the interest and income of which shall be annually expended for the care and repair of my burial lot in Greenlawn cemetery in said Keene, and any surplus not needed for such purpose may be applied to the general care of said cemetery."

We are now ready to pay over said legacy and will do so upon receiving notice from you of its acceptance.

HIRAM BLAKE,
WALLACE L. MASON,
Exrs. Est. of Edward Joslin.
Per. H. Blake.

A JOINT RESOLUTION relating to the Edward Joslin cemetery fund.

Resolved by the city councils of the city of Keene, as follows:

That, whereas, the will of Edward Joslin, late of Keene, deceased, contains a clause reading as follows: "I give and bequeath to the city of Keene the sum of five hundred dollars; the same to be safely invested by said city as a permanent fund; the interest and income of which shall be annually expended for the care and repair of my burial lot in Greenlawn cemetery in said Keene, and any surplus not needed for such purpose may be applied to the general care of said cemetery" and, whereas, the executors of said will, Hiram Blake and Wallace L. Mason, are now ready to pay over said legacy,

Resolved, That said legacy be and is hereby accepted in accordance with the terms of said bequest; that the city clerk be and hereby is authorized to receipt for the same and deposit said sum in the city treasury in accordance with the provisions of Section 6, Chapter VI, City Ordinances.

Passed September 4, 1902.

A JOINT RESOLUTION relating to additional appropriations.

Resolved by the city councils of the city of Keene, as follows:

That in addition to the sums heretofore appropriated, the following sums be and hereby are appropriated out of any money in the treasury not otherwise appropriated for the following named expenses:

Incident to quarantine,	\$210 00
Incident to the investigation of water supply,	133 75
Numbering buildings,	25 00
Boiler and wagon,	18 68
Electric street lights,	1,800 00
City paupers,	300 00
Repairs of concrete walks,	157 75
Inspection Keene Fire Department,	60 00

Passed September 4, 1902.

A JOINT RESOLUTION relating to private fire alarm system.

Resolved by the city councils of the city of Keene, as follows:

That, whereas, the executive committee of the Keene Private Line Association has been instructed, by unanimous vote of said association, to offer to the city of Keene, free of expense, the fire alarm wire and all other property of said association, the same to become the property of said city and to be maintained at the option of said city for the use of firemen and others, therefore

Resolved, That the city hereby accepts said wire and other property connected with said private line for the purposes named.

Resolved, That all applications for connections with said line shall be made to the joint standing committee on fire department, and if granted, by said committee, all connections shall be made and all apparatus connected by the superintendent of the fire alarm telegraph. Any active

fireman may be granted leave to maintain an alarm bell by paying the expense of said bell and the connections therefor; and each ex-fireman so using the fire alarm telegraph shall pay to said city the sum of three dollars; and every other person the sum of five dollars as annual rental and in addition thereto shall pay for the expense of connecting; and for each bell and all other apparatus so connected or used.

All rents so collected shall be deposited by said superintendent with the city treasurer and added to the appropriation set apart for the support of the fire department.

Passed September 4, 1902.

To the City Councils of the City of Keene:

Gentlemen:—The trustees of the Keene Public Library have granted permission to the Daughters of the American Revolution to place within the library building, a tablet in memory of the Revolutionary soldiers from Keene. They therefore request you to authorize His Honor Mayor Perry to accept for the city of Keene this tablet in accordance with the agreement made by and between the trustees and said Daughters of the American Revolution that the same shall hereafter be cared for by said city.

W. P. CHAMBERLAIN,

Chairman of the Trustees of the Keene Public Library.

A JOINT RESOLUTION accepting the invitation of Ashuelot Chapter, Daughters of the American Revolution, to attend the unveiling of a tablet to the memory of the soldiers from Keene.

Resolved by the city councils of the city of Keene, as follows:

That the city councils hereby accept the invitation to be present at the unveiling of a tablet to the memory of the soldiers of the American Revolution from Keene, at the Thayer library building on Friday evening, September the nineteenth, at half after seven o'clock, and a reception fol-

lowing at the residence of Mr. and Mrs. Lyman J. Brooks.

Resolved, That the mayor be and hereby is authorized to accept the tablet for the city of Keene in accordance with the agreement made by and between the trustees of the Keene Public Library and Ashuelot Chapter, Daughters of the American Revolution.

Passed September 18, 1902.

A JOINT RESOLUTION relating to extension of sewer on Richardson court.

Resolved by the city councils of the city of Keene, as follows:

That the sum of seventy dollars be and hereby is appropriated from any money in the treasury not otherwise appropriated for the extension of a sewer pipe through a court to be called Richardson court, laid out on July 14, 1902, and thence to the Ashuelot river.

Passed October 2, 1902.

A JOINT RESOLUTION relating to an additional appropriation.

Resolved by the city councils of the city of Keene, as follows:

That in addition to the sum heretofore appropriated, the sum of ten hundred sixty-nine dollars and seventeen cents, it being the cost of certain repairs made at the Kate Tyler ravine, so called, be and hereby is appropriated from any money in the treasury not otherwise appropriated and ordered added to the appropriation set apart for the use of the highway department.

Passed October 2, 1902.

A JOINT RESOLUTION relating to pay of inspectors.

Resolved by the city councils of the city of Keene, as follows:

That the inspectors of ballots be paid the sum of two dollars each for services on November 4th instant, and that the sum of forty dollars be and hereby is appropriated for that purpose out of any money in the treasury not otherwise appropriated, and that the city clerk be authorized to certify the several claims to the city auditor.

Passed November 6, 1902.

A JOINT RESOLUTION relating to certain cemetery funds.

Resolved by the city councils of the city of Keene, as follows:

That the sum of sixty-seven dollars and thirty cents, being the amount of the several dividends withdrawn from the Keene Guaranty Savings Bank, to wit:

L. J. Colony fund,	\$51 77
Mary A. Ball fund,	10 35
Augusta O. Nims fund,	5 18
	<hr/>
	\$67 30

be and hereby is ordered paid into the treasury in accordance with the provisions of Section 6, Chapter VI, City Ordinances.

Passed November 6, 1902.

A JOINT RESOLUTION relating to annual reports.

Resolved by the city councils of the city of Keene, as follows:

That the joint standing committee on printing be and

is hereby authorized and instructed to cause a sufficient number of annual reports to be printed, which shall contain the report of the proceedings of the inauguration of the city government in January last, with such joint resolutions and ordinances as have since been passed, together with the reports of the finance committee, city officers who are required to report, and such other matter as may hereafter be ordered by the board of mayor and aldermen, and also that a sufficient number be bound in leather for exchange, and in cloth for the use of city officers.

Passed November 6, 1902.

A JOINT RESOLUTION relating to bequest of John Symonds.

Resolved by the city councils of the city of Keene, as follows:

Whereas the late John Symonds bequeathed, at the decease of his wife, one-half of his estate to the city of Keene, five hundred dollars to be treated as a cemetery fund, "the annual income, or interest thereof, to be expended by said city in care and preservation and beautifying his family burying lot in Woodland cemetery, and the income of five thousand dollars should the same be needed, or so much as may be needed to be applied to the proper support and maintenance and burial of Ira Robbins, his father-in-law, should he be living, during his life, the remainder of said half and said five thousand dollars when no longer needed for the purpose aforesaid and any unexpended income of it after deducting taxes and expenses of said trust to said city of Keene, for the following purpose, viz: To build a public library building and purchase land therefor and to provide books and reading matter and to take care of the same, and this fund may be used in connection with any city

appropriation for the same purpose and to pay for and establish in said building or some other in the city a set of chime bells."

Therefore resolved that the said bequest of five hundred dollars be separated from any money in the hands of the city treasurer, acting as trustee of said estate, and paid into the city treasury, to be hereafter known as the John Symonds cemetery fund, in accordance with the provisions of Section 6, Chapter VI, City Ordinances; and that the sum of eighty-seven dollars and thirty-seven cents, the unexpended balance of interest on said five hundred dollars, computed at the rate required by law to be paid on similar cemetery funds, be separated from any money in the hands of said city treasurer, acting as trustee, and deposited to the credit of the cemetery appropriation, in accordance with the terms of the trust and the provisions of the City Ordinances.

Passed November 6, 1902.

A JOINT RESOLUTION relating to the intercepting reservoir.

Resolved by the city councils of the city of Keene, as follows:

That the sum of thirteen hundred dollars, be and the same is hereby appropriated from any money in the treasury not otherwise appropriated and that the same be added to the appropriation heretofore made for the construction of the new dam and pipe line.

Passed November 6, 1902.

A JOINT RESOLUTION relating to certain trust funds.

Resolved by the city councils of the city of Keene, as follows:

That the sum of sixty-seven dollars and thirty cents and the sum of thirty-one dollars and seventy-nine cents being the amount of the dividend paid on the Simmons and Eastburn fund (\$67.30), and the amount of the dividend paid on the Firemen's Relief fund (\$31.79) respectively, by the Keene Guaranty Savings Bank, be separated from any money in the treasury not otherwise appropriated, and that the amounts named be placed in interest bearing certificates of deposit under the direction of the joint standing committee on finance.

Passed November 6, 1902.

To the Councils of the City of Keene:

John P. Rust of said Keene respectfully represents that there is occasion for him to lay a railway track across Water street between his lands lying on both sides of said street, so that he may use all said lands in the prosecution of his business. The place on said street where he desires to lay said track is fully shown on the plan accompanying this petition.

Wherefore, he prays that leave may be granted him to lay said track across said street.

JOHN P. RUST.

A JOINT RESOLUTION relating to a spur track for John P. Rust, crossing Water street.

Resolved by the city councils of the city of Keene, as follows:

That John P. Rust be given a license to keep and maintain a railroad track across the highway known as Water street at a point and in the direction indicated upon a

plan marked, "Plan of a proposed spur track for John P. crossing Water street, Keene, N. H., Samuel Wadsworth, surveyor," herewith submitted and use the same for the purposes of his business upon the following conditions:

Said Rust shall pay one-half of the expense of grates, catch basins and necessary connections with the drain at said crossing and at his own expense shall send a flagman in advance of any car or locomotive crossing said highway and said Rust shall always at his own expense maintain a plank crossing between the tracks and for a space of fifteen inches on each side thereof across said highway and keep said tracks and crossing in proper condition and repair for travel and other lawful business upon said highway; the construction of said railroad to make no change of the grade of said highway and to take place under the oversight and approval of the board of mayor and aldermen.

Said license to be revocable at any time the city councils may deem it advisable and it is granted upon the further condition that said Rust agree to indemnify the city of Keene and save it harmless from all damage, cost and expense to which it may in any way become liable by reason of the construction, maintenance and operation of said railroad.

Passed November 20, 1902.

A JOINT RESOLUTION relating to certain funds and purchase of lands.

Resolved by the city councils of the city of Keene, as follows:

That the city treasurer be and he is hereby instructed to convert into money, certificates of deposit belonging to

certain cemetery funds, not exceeding the sum of \$1,620 in all; and deposit the same in the city treasury, in accordance with the provisions of Section 6, Chapter VI, City Ordinances.

That the joint standing committee on finance be and it is hereby instructed to purchase certain lands in Roxbury, bordering on the city's water supply, the cost not to exceed \$1,620, which sum, if found to be necessary, is hereby appropriated from any money in the treasury not otherwise appropriated.

Passed December 4, 1902.

A JOINT RESOLUTION relating to floating debt.

Resolved by the city councils of the city of Keene, as follows:

That the joint standing committee on finance cause the sum of \$384.53, the amount withdrawn from the Keene Guaranty Savings Bank, water loan sinking fund, to be applied on the floating debt incurred in the payment of old water works bonds.

Passed December 4, 1902.

A JOINT RESOLUTION relating to additional appropriations.

Resolved by the city councils of the city of Keene, as follows:

That in addition to the sums heretofore appropriated the following sums be and hereby are appropriated from any money in the treasury not otherwise appropriated for the following uses, to wit:

Highway department,	\$1,500 00
New macadam,	210 00
New sewers to be constructed,	225 00
Police department,	500 00
Repairs of concrete walks,	81 59

Passed December 4, 1902.

ESTIMATED EXPENSES FOR 1903.

To the city councils of the city of Keene:

The finance committee present the following estimates of the amount of money necessary to be raised the ensuing year, and respectfully recommend that \$50,000 of the amount be raised by taxation, and the remainder be paid from any balance in the treasury:

Ordinary city charges,	\$7,500 00
City paupers,	2,000 00
Highways and bridges,	10,000 00
Macadam,	2,000 00
Fire department,	5,500 00
Police department,	3,500 00
Street lights,	9,000 00
Public library, books,	500 00
Public library expense,	1,800 00
Memorial services,	175 00
Interest on railroad gratuity bonds,	1,000 00
Interest on sewerage bonds,	2,800 00
Interest on water bonds, loan of 1887,	1,295 00
Interest on water bonds, loan of 1891,	1,800 00
Interest on water bonds, loan of 1902,	875 00
Payment of railroad gratuity bonds,	15,000 00
Public parks,	200 00
H. O. Coolidge, annuity,	800 00
School books and supplies,	2,500 00
Elliot city hospital,	500 00
Interest on Thayer and Chapin fund,	175 00
Cemetery department,	300 00
School board and board of education,	240 00
Interest on floating indebtedness,	477 38
Sewer department,	1,000 00
Drain department,	1,000 00
Interest on cemetery funds,	228 32

\$72,165 70

Pursuant to vote of the city councils, the committee purchased the Cota farm of 160 acres and the French land of 11 acres, in the town of Roxbury and bordering on Roaring brook and, authorized thereto by vote of the councils and the laws of the state, caused the sum of \$1,606.86 to be paid into the treasury from a certificate of deposit belonging to the cemetery funds, to pay for the same.

We certify that we have examined the accounts of the city treasurer and city clerk, and find the same correctly kept and properly vouched.

Keene, December 10, 1902.

MEMORIAL TABLET PRESENTED TO THE CITY OF KEENE.

Pursuant to the invitation of Ashuelot Chapter, Daughters of the American Revolution, and the vote of the city councils passed on September 18, 1902, members of the city government were present at the exercises connected with the unveiling of a tablet to the memory of the soldiers of the American Revolution from Keene, which were attended by a large number of Keene citizens and were a most fitting and appropriate celebration of the event.

The invitation and program were as follows:

ASHUELOT CHAPTER

Daughters of the American Revolution
request the honor of your presence
at the unveiling of a tablet to the memory of
the soldiers of the American Revolution from Keene
at the Thayer Public Library Building
on Friday evening, September the nineteenth
at half after seven o'clock
and at the reception following at the residence of
Mr. and Mrs. Lyman J. Brooks.

Please send reply to
Mrs. Charles Gale Shedd, Secretary.

RECEPTION

by Ashuelot Chapter
 from nine until eleven o'clock
 at the residence of
 Mr. and Mrs. Lyman J. Brooks
 105 West street
 Keene, New Hampshire.

The following descriptive article appeared in the Keene Evening Sentinel on the day following the exercises:

A memorial tablet to the Soldiers of American Revolution from Keene placed in public library building by ladies of Ashuelot Chapter, D. A. R.—The tablet formally presented to the city—Reception by the Daughters at residence of Mrs. Lyman J. Brooks.

Friday, Sept. 19, 1902, was given something of historical significance by the unveiling and presentation to the city on that date of an elegant bronze tablet on which are inscribed the names of the soldiers of the American Revolution who went from Keene, together with a suitable clause in memoriam, the name of the donor, Ashuelot Chapter, Daughters of the American Revolution and the date of the presentation. The unveiling and presentation took place in the evening at 8 o'clock, at the Thayer Library building in which the tablet is placed. There were about 200 gentlemen and ladies present.

The tablet is 4 feet 6 by 2 feet 9 inches in size and is placed on the wall of the reading room, where the chapter officers, city officials and others taking part in the exercises were seated. Chairs were provided for all the guests in this room and those adjoining, those taking part being easily heard by all present. The style of the tablet can be seen from the reduced photograph herewith published. The inscriptions are in raised gothic letters, a suitable border

surrounds the whole and the D. A. R. emblem can be seen with the chapter inscription. The inscriptions are as follows:

IN MEMORY OF
THE SOLDIERS OF THE AMERICAN REVOLUTION
FROM KEENE
1775-1783

And four men names unknown.

ASHUELOT CHAPTER

DAUGHTERS OF THE AMERICAN REVOLUTION

1902

During the presentation there were seated in the reading room facing the audience the gentlemen and ladies taking part and the officers of Ashuelot Chapter D. A. R., Mrs. Charles C. Abbott, regent, Miss Mary A. Foster, Mrs. Frederick H. Kingsbury, vice regents, Mrs. Susan K. Perkins, historian, Mrs. Charles Gale Shedd, secretary, Mrs. George W. Fisher, treasurer, Miss Ella F. Gee, registrar. The assembly was rapped to order by the regent, Mrs. Abbott, who extended a cordial welcome to all present on behalf of the chapter and called on Rev. Charles B. Elder, who offered prayer. The vocal selection "A Slave Song," by Del Reigo was given by Mrs. Frank G. Dort, Mrs. Frank Huntress being the accompanist. The regent then made the presentation, as follows:

PRESENTATION BY THE REGENT.

The first object of the National Society, Daughters of the American Revolution, of which Ashuelot Chapter is a member, is "To perpetuate the memory of the spirit of the men and women who achieved American independence by the acquisition and protection of historical spots and the erection of monuments, and by the preservation of documents and relics and of the record of the individual services of Revolutionary soldiers and patriots." Mindful of our pledge to support our national society we have endeavored faithfully, since our organization in 1896, to do such patriotic work as our small numbers and limited means would permit.

A little more than a year ago we began to try to raise the funds to enable us to erect a bronze tablet to the memory of the men who were accredited to Keene in the Revolutionary war. We have been aided in this work by many descendants of these patriots and by many of our interested citizens. Ashuelot Chapter wishes to acknowledge all assistance most gratefully.

The task of preparing a list of names such as you will see unveiled here tonight is very arduous and could hardly have been accomplished by us had it not been for the ever-ready and kindly help received from our late beloved historian, General S. G. Griffin. That there are errors of one sort or another on this roll is very likely true, but we have labored earnestly to avoid them and ask your clemency should they be discovered. And now, in behalf of Ashuelot Chapter, Daughters of the American Revolution, I present the trustees of the Keene Public Library as custodians for the city of Keene, this memorial to our illustrious patriots.

ACCEPTANCE FOR THE TRUSTEES.

The tablet was received on behalf of the trustees by the secretary of the board, Mrs. Mary A. A. Prentiss, who said:

Madam Regent:—In the unexpected absence, caused by slight indisposition, of the president of our board, Hon. William P. Chamberlain, I have been asked to say to you what he intended to have said on receiving this gift:

In behalf of the trustees of the Keene Public library it affords me great pleasure to accept this tablet, which re-

flects the noble purpose of your chapter to honor the names of those from Keene who assisted in making this great nation possible, and to whom our citizens are bound not only by patriotic sentiment but, in many instances, by natural ties, as well as to perpetuate the most precious lessons of virtue and sacrifice. Representing the board of trustees I desire to thank your chapter for its public spirit and for this further evidence of its interest in the welfare of the city of Keene. The trustees desire, in addition to its regular mission, to devote this building to other things than the help to be given merely by the distribution of books to the people. They desire to make it a treasure house of all those suitable things which enable a community to express its culture. And it was with a full appreciation of the value of the gift that permission was given to the Daughters of the American Revolution to place this tablet within the library building.

Mayor Perry, the trustees request that you will accept this memorial tablet for the city of Keene.

ACCEPTANCE BY MAYOR PERRY.

The tablet was then formally accepted on behalf of the city by His Honor Mayor Perry, who spoke as follows:

Madam Secretary:—In accordance with the request of the trustees of the Keene Public library and the vote of the city councils, it gives me great pleasure to accept this tablet in behalf of the citizens of Keene, agreeably to the conditions of the gift. In accepting the gift the city councils desire to express their appreciation of the noble spirit which prompted it, and to tender their thanks to the thoughtful donors for this appropriate memorial, which in the custody of the library trustees will receive perpetual care.

This occasion calls to mind the good work of the patriotic sisterhood in our midst. Ashuelot Chapter, Daughters of the American Revolution, among other things accomplished, has already reclaimed as far as possible a burial spot in West Keene and reconsecrated it to the early settlers of this town who were buried there, some of whom it was Keene's great honor to contribute to the cause of American independence—men noted for their virtues and sacrifices, from which the town has derived everlasting benefit. This society again performs a praiseworthy act in enabling the city to perpetuate in

bronze the names of her dead patriots, many of whom were buried "without a sculptured stone to mark the spot," and some of whose graves are now unknown; but their fame, their glorious actions, are engraved on the tablet of universal remembrance and will survive marble monuments or local inscriptions.

It has been truly said that the opportunity, long neglected, of rescuing from oblivion the history of the individuals who fought to found this great republic, is fast passing away. As we contemplate them we see a comparatively small number facing large issues; a little army defending an eternal principle; a few men determining destiny for untold millions. Every town in the state, to whose renown they so largely contributed, should erect a tablet or monument in their memory, and their descendants should see to it that the main facts of their lives are preserved in some enduring form. In honoring them we honor ourselves, dignify our library building, add to its worth as a public instructor and teach the great lesson of patriotism and self sacrifice to our children, and through them transmit it to future generations.

After Mayor Perry's acceptance Mrs. Dort sang another selection, "The Slumber Boat," by Gaynor. Rev. J. L. Seward, D. D., then delivered the address, which was as follows:

ADDRESS BY REV. J. L. SEWARD, D. D.

Madam Regent, Ladies and Gentlemen:—This tablet unveiled this evening by the Daughters of the American Revolution, gives fitting expression to that sentiment of gratitude which all should feel towards those who have fought to establish our country and to defend its honor and integrity.

There have been three critical moments in the history of the United States. The first was when our forefathers declared their independence of Great Britain. It was one thing to declare independence. It was quite another thing to maintain it after it had been declared and to establish an independent nation. The second critical period, which John Fiske has characterized as *the* critical period, was the time when the old Articles of Confederation, most truly called a rope of sand, had to be replaced by our present constitution, which has been called by Gladstone the greatest work ever struck off at one time by the hand of

man. Few now living realize how dangerously near the ship of state came to being wrecked over the angry contentions of that exciting period. We, who live so happily under our noble constitution, little realize the fierce struggles which preceded it. The third great crisis in our history was the period of the Civil War. The first struggle resulted in union, the second in giving it stable form, and the third saved it from internal violence which threatened to destroy it.

We are met to do honor to those who fought to establish our union. This tablet is designed to preserve from oblivion the names of those who, while legal residents of Keene, engaged in the great contest. It includes names of persons who lived upon land which was later included in towns incorporated after the Revolution, but which formed a part of Keene at the time. It does not include the names of soldiers who enlisted from other places, but who took up a residence in Keene after the war was over.

As the time approached when Americans thought seriously of forming a national government separate from England, the royal governors were loyal. John Wentworth, second of the name in the gubernatorial chair, was the last royal governor of New Hampshire. As the great storm approached, although he was personally a man of great nobility of character and has always been held in esteem and really tried to pour oil upon the troubled waters, he could not stem the torrent of popular opinion and the growing indignation at all things British, and he left his Portsmouth home, sought safety on a vessel, and escaped. His last official act, dated at the Isles of Shoals, was an order to dissolve the provincial legislature. He was afterwards the governor of Nova Scotia and died at Halifax.

In the mean time New Hampshire had organized a state government. On Dec. 21, 1776, representatives of the people, at Exeter, adopted a temporary form of government. It was the first attempt at making a constitution in any of the provinces and this was the first province to become a state.

By the old militia law, every male citizen, from 16 to 60 years of age was obliged to be provided with a musket and bayonet, knapsack, cartridge box, a pound of powder, 20 bullets, and 12 flints. Every town must keep in readiness a barrel of powder, 200 pounds of lead and 300 flints for every 60 men, besides a large quantity of arms and

ammunition for the supply of such as could not provide themselves with the necessary articles. Voluntary associations were formed for drills. The most competent men were selected by the volunteers for officers. The towns chose committees of correspondence to communicate with other towns, and especially to send expresses and messengers to learn the exact truth of all the movements of the British.

In this state of anxiety and suspense, Gen. Gage, on the part of the British, opened the drama of war at Lexington and Concord, at a season when the farmers were very busy about their spring work. This splendid system of correspondence to which I have alluded, enabled the news to spread, and the Lexington alarm was communicated rapidly from town to town. Ten thousand Yankees were soon in arms in the neighborhood of Boston. Of these, about twelve hundred had come from the nearest parts of New Hampshire. That renowned company under Capt. Wyman was a part of the twelve hundred. The story of the marching of that brave little band has been often and well told, and we need not repeat the narrative.

The New Hampshire congress met on May 17, 1775, and authorized the raising of 2,000 men, in three regiments, those already on the spot to be reckoned as two, with another to follow. These three regiments were entrusted to Colonels John Stark, James Reed and Enoch Poor, names destined to be famous in the history of our good state. Stark and Reed took the two regiments already on the spot, and their commands participated in the memorable battle of Bunker Hill. It was the baptism of blood for the men of Keene, and one of their number, Asahel Nims, a son of the first town clerk, was killed. He enlisted from that part of Keene which was later included in my native town of Sullivan, and lived on the spot afterwards occupied for many years by Dauphin W. Nims, now by a Mr. Brooks. The story of Bunker Hill is so familiar that we cannot relate it here.

The Declaration of Independence of July 4, 1776, was hailed with joy through all the colonies. In Keene and all shire towns the citizens were called together by beat of drum to hear the instrument read. All were not equally rejoiced. There were those in many towns who were loyal to Great Britain. We must not pour anathemas upon their memory. Loyalty is a virtue, considered in and of itself. There are times "when in the course of human events" it becomes necessary to dissolve the ties which

bind one state to another; but who shall judge of that necessity? Who shall decide when that momentous crisis has arisen? No serious blame can attach to the names of good men who cannot always see things in the light of the majority. Wendell Phillips, Wm. Loyd Garrison, John Brown and their brother abolitionists were once in a great minority. Did that prove them to have been in error as respects their views upon the slavery question? Time has vindicated the wisdom of the majority of our forefathers who contended for a government separate from England. Time does not always vindicate majorities. Minority parties have often lived to see their own principles become triumphant. So the tories who did not sign the old "Association Test" must not be too severely censured. They loved the old mother country. The thought of separation was painful, and we must not blame them for dissenting opinions. Then, as now frequently happens, men of the finest intellects were in the tory minority. There were thirteen in Keene who refused to sign the "Test." They were very prominent citizens, including office-holders, military officers and physicians.

In the winter of 1776 and 1777, the three New Hampshire regiments went with the army under General Washington to New York. They were sent up the Hudson and down the lakes into Canada. They were commanded by Brig. Gen. John Sullivan. They suffered great hardships, lost many men and some of their officers from the small-pox, and were finally obliged to retreat from Canada, although it was done in good order. There were many men from Keene in this memorable march into Canada. Many of them suffered from small-pox, dysentery and putrid fevers. The sick were placed in batteaux which were drawn up the river Sorel, against the rapid current, by men on shore or wading in the water. The enemy pursued so closely that the Americans could hardly find an opportunity to cook their food. At St John's the enemy ceased to pursue our troops further. Nearly one-third of the New Hampshire soldiers had died of infectious diseases. The New Hampshire men remained at Ticonderoga until all danger of an attack at that point was passed. The New Hampshire men then marched by the way of the Minisink into Pennsylvania, where they joined Gen. Washington's forces and assisted in the famous capture of the Hessians at Trenton and afterwards in the battle of Princeton. Although worn with disease and fatigue these New Hamp-

shire men stayed six weeks after their term of enlistment had expired.

A new force was enlisted for the regiments which entered the campaign of 1777 and 1778. They rendezvoused at Ticonderoga, N. Y. They were soon obliged to evacuate the post. On retreating they were overtaken by the British at Hubbardton, Vt., and some of their men and officers were killed. They continued the retreat, however, to Saratoga, having a skirmish on the way with the enemy, at Fort Anne. The British under Gen. Burgoyne undertook to get some supplies which were stored at Bennington. You all know the result of that historic battle in which New Hampshire men, including many from Keene, bore such an important part. Gen. Stark himself said of his men: "Our men behaved with the greatest spirit and bravery imaginable. Had every man been an Alexander, or a Charles of Sweden, they could not have behaved better." Immediately after, two desperate battles were fought, one at Stillwater, the other at Saratoga, in which many men and officers were slain. The great result was the surrender of Burgoyne's army.

These were the last important actions in which the men of Keene participated. Lack of time has forbidden my entering into any of the details of these memorable events. They are familiar, almost household stories. And what a brilliant record it is! Bunker Hill, the winter march to Canada through a howling wilderness, the retreat when pursued all the way by an enemy while the brave soldiers were drawing their sick comrades up the Sorel in boats with their own hands, Ticonderoga, Hubbardton, Bennington, Stillwater, Saratoga where Burgoyne lost his army, not to speak of the glorious part in Trenton and Princeton! An honorable record! Most fitting is it that we, one hundred and twenty-five years later, assemble here to hand over to the future generations this precious tablet which bears the honored names of those boys of the past who helped to give glory, renown, and honor to these heroic deeds and memorable actions which created our great republic—which God bless forever!

The exercises closed with the singing of three stanzas of "America," the audience rising and joining by request of the regent.

Large numbers of handsome flowers were appropriately placed in the library building which were the gift of Mr. Charles H. Blake of Nashua.

A LARGE RECEPTION GIVEN BY THE CHAPTER AT THE
RESIDENCE OF MR. AND MRS. LYMAN J. BROOKS.

After the presentation of the tablet the chapter held a reception at the residence of Mr. and Mrs. Lyman J. Brooks, which is situated just beyond the library building, Mrs. Brooks being one of the chapter members. The reception lasted from 9 to 11 and was attended by about 200 ladies and gentlemen.

The house was decorated with a great deal of taste, and the rooms were all thrown together by the removal of doors and portieres. The decorations consisted of the chapter and national colors, red, white and blue, and a profusion of flowers banked in the fire places and placed in vases, etc., red and white blossoms prevailing as much as possible. In the hall the newell post and stair railing were wound with red, white and blue, and the fife and drum were conspicuous on the stairs. Near the door was a miniature of Bunker Hill monument, standing on a bank of ferns and flowers. Over the double doors between the parlors was a liberty bell with flags caught up overhead on either side and there were similar decorations, omitting the bell, over all the doors. The ladies receiving were the regent, Mrs. Abbott, the hostess, Mrs. Brooks, and the chapter officers already mentioned. Fruit punch was served in the rear parlor by Mrs. L. W. Holmes and Mrs. H. R. Beals, assisted by several young ladies who are Children of the American Revolution.

An elegant supper consisting of salads, chicken sandwiches, rolls, cakes, coffee, ice cream, nuts and bon bons, was served in the dining room, from which nearly all the furniture except the table was removed to give room for the guests. The chandelier above the table was wound with red, white and blue ribbons intermingled with smilax, the ribbons extending to each corner of the table, where they were tied with handsome bows. The table was covered with a cloth of satin damask with a centerpiece of Battenburg lace over red satin. On this stood a large silver candelabra. The table was set with handsome Colonial silver and a profusion of old china hung upon the walls. Mrs. Lemuel Hayward and Mrs. Francis C. Faulkner presided at the coffee urns, and a number of the chapter members and Children of the Revolution assisted in the dining room as well as in the parlors.

The chapter is certainly to be congratulated upon the success of the presentation and reception, which was due to the well directed efforts of the regent and the committee in charge.

The entertainment committee consisted of Mrs. L. J. Brooks, Mrs. Jaenette Roberts, Mrs. F. K. Burnham, Mrs. O. J. Howard, Mrs. J. E. Marsh and Mrs. F. H. Stearns. The decorations were in charge of Mrs. Brooks, Mrs. H. C. Allen, Miss Annie Hubbard and Mrs. F. E. Barrett.

Water Works, Sewers and Drains.

BOARD OF COMMISSIONERS.

Analysis of water taken at several points in Roaring Brook from the culvert of the B. & M. R. R. to the dam near the Cass quarry, March 31, 1902.

1. At dam No. 2 or quarry dam.—Turbidity, slight; sediment, slight; odor, vegetable; color, 0.23; free ammonia, .001; albuminoid ammonia, .0122; nitrates, .015; nitrites, .000; oxygen consumed, —; chlorine, .075; total solids, 1.60; fixed solids, 0.70; hardness, 0.70; iron, none; lead, none. Remarks: This is a good water, containing considerable organic matter which causes the odor, color, and high albuminoid ammonia.

2. Small stream flowing through an alder swamp near the old boarding houses.—Turbidity, very slight; sediment, slight; odor vegetable; color, 0.32; free ammonia, .00000; albuminoid ammonia, .0052; nitrates, none; nitrites, none; oxygen consumed, none; chlorine, .07; total solids, 3.10; fixed solids, 0.80; hardness, 0.60; iron, none; lead, none. Remarks: This is a good water.

3. The Nye Brook.—Turbidity, marked; sediment, slight; odor, vegetable; color, 0.12; free ammonia, .001; albuminoid ammonia, .0078; nitrates, none; nitrites, none; oxygen consumed, none; chlorine, 0.11; total solids, 2.10; fixed solids, 0.80; hardness, 0.60; iron, none; lead, none. Remarks: This is a good water.

4. At the Boston & Maine railroad culvert.—Turbidity, slight; sediment, slight; odor, vegetable; color, 0.23; free ammonia, .002; albuminoid ammonia, .0076; nitrates, none; nitrites, none; oxygen consumed, none; chlorine, 0.70; total solids, 2.00; fixed solids, 1.00; hardness, 0.70; iron, none; lead none. Remarks: Good water.

Signed, H. E. BARNARD,
Chemist for the State Board of Health, Concord, N. H.

A brief examination of the superintendent's report will suffice to show that the season has been an unusual busy one.

In addition to the routine work of the department, with the usual minor extensions of water, sewer and drain pipes, the superintendent has constructed the additional water supply; also maintaining a general supervision of the construction of the dam at Roaring Brook.

The result of the analysis of the new supply leaves little which can reasonably be desired, and the action of the city in purchasing the land around Echo Lake and adjacent to Roaring Brook should insure this supply from future contamination; in this connection we may properly say, that in our opinion the completion of this supply solves the problem of supplying all sections of the city with wholesome and palatable water at all times.

South Keene has an excellent hydrant service with a pressure of at least eighty-five (85) pounds; which pressure would be maintained under the heaviest possible

draft. We fully endorse the recommendations of the superintendent. We heartily commend the superintendent and his subordinates for their efficiency and courtesy at all times.

Respectfully submitted,

N. G. GURNSEY,

G. W. FISHER,

C. M. NORWOOD,

Water, Sewer and Drain Commissioners.

SUPERINTENDENT'S REPORT.

To the Board of Water, Sewer and Drain Commissioners:

GENTLEMEN.—I herewith submit the thirty-third annual report of the water department, the nineteenth annual report of the sewer department, and the fifth annual report of the drain department, and the third annual report of the inspector of plumbing.

NEW DAM AND PIPE LINE.

May 15th the councils voted to construct a new water supply, taking the water from Roaring Brook and bringing it into the city via South Keene.

The following special committee were empowered to do the work: N. G. Gurnsey, F. M. Hamilton, G. W. Fisher, Geo. W. Sargent, C. M. Norwood and H. W. Lane.

The contract for building the dam was let to The General Construction Co. of New York, June 14.

Work was begun July 9, and the dam completed November 3.

In excavating for the foundation in the south bank, a very coarse seam or vein of gravel was found, which made it necessary to take out nearly double the amount estimated; this increased the estimated cost about eleven hundred dollars.

The basin was thoroughly cleaned of top soil, roots, etc., and the road changed from the south to the north bank.

About six hundred and sixty dollars was expended on improving the basin, etc.

The pipe line was constructed by the department; work was begun July 9 and finished (except the culvert and final connection) October 13. Only a small gang were employed; the excavation was very hard, over 500 blasts were fired; no ledge was encountered, but an almost continuous row of large boulders.

The estimated cost was exceeded forty-seven dollars and fourteen cents. Water was turned into the pipes as far as South Keene, November 25; three cracked pipes were found and repaired, and the water turned into the city at four o'clock p. m. November 28.

The normal pressure at city hall has been increased ten pounds. The line is now working very satisfactorily.

Total number of hydrants in service, Dec. 1, 1902,	220

REGULATIONS.

APPLICATION FOR CONNECTIONS AND SUPPLIES, ETC.

Applications for the use of water, or for the connection of any service pipes or fixtures to supply any premises, shall be made to the superintendent, stating the requirements of the applicant, with an agreement to conform at all times to the current rules and regulations which may be established in relation thereto. Also, the location, capacity, quality and general character of any pipe or other fixings used, whenever the interests of the works may be affected thereby.

Each service pipe connected to any street main or distributing pipe belonging to the works, shall, near the sidewalk, be provided with an iron extension stop box, the cover of which shall be flush with the sidewalk or top of ground; also with suitable stop and waste cocks (on premises of owner inside the cellar wall) for shutting off and discharging the water from all pipes or fixtures liable to injury from the action of frost.

AN ORDINANCE.

In the year of our Lord one thousand eight hundred and ninety-nine.

Be it ordained by the city councils of the city of Keene, as follows:

That sections 17, 18, 19 and 20 of Chapter IV of city ordinances be and hereby are repealed, and section 21 be and hereby is renumbered 20, and the following substituted in place of sections 17, 18 and 19.

SECTION 17. The water and sewer department shall make all water and sewer connections and furnish and lay all pipe and other materials for the same, to the street line, for the following fees:

For each house drain to street line,	\$9 00
For each $\frac{3}{4}$ -inch connection and pipe to street line,	9 00
For each $\frac{3}{4}$ -inch connection and 1-inch pipe to street line,	9 50

For each 1-inch connection and 1-inch pipe to street line,	\$10 00
For each 1-inch connection and 1¼-inch pipe to street line,	11 00
For each 1¼-inch connection and 1¼-inch pipe to street line,	12 00

All connections with the surface drains will be made by the department.

In no case shall the water be turned on or the soil pipe or the drain pipe used until the fees aforesaid and costs of work done, is paid.

EXAMINATION AND OVERSIGHT OF FIXTURES AND SUPPLIES, ETC.

All persons using water, or whose premises are furnished with pipes connected with the water works, are required to give due notice of any changes involving any increase in use of water; also, to allow the commissioners, the superintendent, or his assistants to make personal examination of all fixtures between the hours of eight a. m., and six p. m., also, to answer correctly all proper inquiries in relation to the quantity, purposes and manner in which water is used upon their premises, so far as may be deemed necessary for a faithful supervision of the same; and any person who shall make false representations in regard to the amount of water used, or who shall allow any other person or family to take or use water from his fixtures, or shall use it for any purpose not included in their contracts or payments without the consent of the commissioners, thereby intending to evade or defraud in the payment of rates, shall be subject to payment of double rates therefor or to such other penalties as may be provided by law.

Any person whose premises are supplied with service pipe and fixtures allowing tenants or others to take or use water from same, will be holden for the payment for water so used or taken.

PROVISIONS FOR SHUTTING OFF SUPPLY, ETC.

In cases of misrepresentation, misuse or waste of water, non-payment of rent, or for neglect or refusal to comply with the established rules and regulations of the water works, the commissioners may cause the supply to be shut off and withheld from any service pipe until the cause of the complaint is removed, and the sum of one dollar is paid for the expense of shutting off the water.

And in case two or more several parties or families are supplied by any service pipe from which the water may be shut off on account of the failure of any one of them to comply with the established rules and regulations, the supply may be withheld from them without liability in damage to either of them until the defaulting party shall remove the cause of complaint.

And if any person shall without permit, turn on the water at any corporation or private stop-cock, when it has been shut off on account of any violation of rules, until all costs are paid and all causes of complaint are removed, such person or persons using water therefrom, shall be liable to payment of three-fold rates and such other penalties as may be recovered by law.

The right to shut off water for repairs, extensions, and other necessary purposes of the works, is at all times reserved; also, in case of scarcity, or deficient supply, the use for garden hose and other purposes for which comparatively low rates are charged, are to be subject to such restrictions as may be deemed necessary to meet the exigencies of the occasion. And in case of fire, it is the duty of all users to shut off and discontinue, as far as practicable, all draughts from the works which may lessen the pressure at the fire hydrants.

If any house or tenement becomes vacant, the superintendent's office shall be notified. He will at once cause the water to be shut off, until the house or tenement is again occupied, and on application from the owner will let it on

again, without expense to the owner. Otherwise full rates will be charged and no rebate will be allowed.

WASTE.

The owner or user shall at all times keep the pipe and fixtures in good order to prevent leakage or waste of water; and no continuous flow of water to guard against freezing, or for any other purpose, will be allowed.

ASSESSMENT AND COLLECTION OF RENTALS, ETC.

Semi-annual assessments of rents for use of water are made on the first days of June and December, except metered water, which is due in March, June, September and December, and are payable to the collector, who will be at his office at suitable times for that purpose, of which due notice will from time to time be given; and all regular patrons of the works making payment within forty days from the date of any such assessment—with the understanding that no rebate is to be claimed for any temporary discontinuance of any use for which payment is made—shall be entitled to a discount of twenty per cent from the regular rates; and all rates not paid in advance or during the forty days from the date of assessment as aforesaid, are to be charged at full advertised rates, and to be deemed due and payable at the expiration of six months' use.

[CHAPTER IV, SECTION 18, CITY ORDINANCES.]

The superintendent shall notify all water takers who are in arrears one assessment that immediate payment is necessary; and if such payment is not made within thirty days after such notice is given, the superintendent shall then immediately shut off the water from the premises occupied by such persons until the assessment is paid in full, with an additional charge of one dollar to cover expenses.

SCHEDULE OF ANNUAL RATES.

For the ordinary and legitimate uses of each family having the usual kitchen fixtures only, and not including use for watering gardens or other purposes, as follows:

For first four persons or less,	\$5 00
For each additional person,	50
For each additional room supplied with fixtures, not otherwise rated,	1 00
For one bath tub,	4 00
For each bath tub exceeding one,	2 00
For one water closet,	4 00
For each water closet exceeding one,	2 00
Boilers for water or steam heating,	\$1.25 to 10 00
Hose or hydrant for garden or lawn sprinkling (for four months),	4 00
And upward according to use required.	
Ornamental fountains (limited use),	6 00
Hotels, for each room to twenty-five,	1 00
Each room exceeding twenty-five,	50
Hotel stables, each stall to ten,	1 25
Hotel stables, each stall exceeding ten,	50
Livery stables, each horse to twenty,	2 50
Each horse exceeding twenty,	1 25
Private stables, for first two horses, each,	2 50
Each horse exceeding two,	1 25
Water for washing carriages to be included in stable rates.	
Oxen or cows, each,	1 25
Special rates for large number.	
Restaurants, apothecaries and photographers,	8 00
And upward.	
Stores or shops using moderate quantities of water,	5 00
Rooms used exclusively as offices,	2 50
Meter rates for manufacturing purposes:	
For the first 1,000 gallons per day,	15
For the second 1,000 gallons per day,	10

For the third 1,000 gallons per day,	\$0 05
All over 3,000 gallons per day,	02½.

Drinking fountains and watering places for public use, and hydrants or fixtures for the protection of property of any private individuals against fire, provided and maintained at private expense by approval of the commissioners, free.

For all other purposes not enumerated, special rates may be made by the commissioners. Rates for temporary uses, or for periods of less than one year, may be charged at an advance of fifty to one hundred per cent on the schedule of annual rates, according to the season and nature of the use.

The minimum rate for garden hose or lawn sprinkler is based upon the use of a one-fourth inch jet or its equivalent, not exceeding one hour each day for the season of four months from June to September, and no deduction will be made for partial discontinuance of use.

The rates for ornamental fountains is based upon the equivalent of a one-sixteenth inch jet at standard pressure, averaging not exceeding four hours' daily use during the months of June to September, inclusive, and subject to such other restrictions as occasion may require, without deduction for partial discontinuance of use.

Approved and adopted by the board of water and sewer commissioners for the city of Keene, April 13, 1889.

REPORT FOR THE YEAR ENDING DECEMBER 1, 1902.

Statistics as suggested by the New England Water Works Association:

Population by census of 1900, 9,165. Constructed, 1868. Owned by the city of Keene. Source of supply, Sylvan lake, three miles from city; Echo lake, seven miles from city.

FINANCIAL.

From consumers:

C. Net receipts from water,	\$24,591 65
-----------------------------	-------------

From public:

F. Hydrants, 220 at 25,	\$5,500 00
G. Fountains, 3,	150 00
G. Water troughs, 4,	200 00
H. Street watering,	1,500 00
I. Public buildings,	200 00
	<hr/>
	\$7,550 00

Gross receipts,	\$32,141 65
-----------------	-------------

EXPENDITURES.

A. A. Management and repairs,	\$2,467 00
B. B. Interest on debt,	3,532 50
	<hr/>
C. C. Total maintenance,	\$5,999 54
D. D. Balance to city,	26,142 11
	<hr/>
E. E. Total,	\$32,141 65

CONSUMPTION.

1. Estimated population to date,	10,000
2. Estimated population on line of pipe,	9,500

3. Estimated supplied at date,	8,500
4. Estimated total number of gallons consumed for the year,	547,500,000
7. Average daily consumption,	1,500,000
8. Gallons to each inhabitant,	150
9. Gallons to each consumer,	176
10. Gallons to each tap,	822

DISTRIBUTION.

1. Kind of pipe used, wrought iron, cement lined and cast iron.
2. Size, from 4-inch to 24-inch.
3. Extended 13,475 feet.
4. Discontinued 0 feet.
5. Total now in use, 38 miles, 3,770 feet.
6. Cost of repairs per mile, \$2.70.
7. Number of leaks per mile, one and one-tenth.
8. Small distribution pipes, less than 4-inch, total length 3 miles, 1,862 feet.
9. Hydrants added, 4.
10. Number now in use, 220.
11. Stop gates added, 15.
12. Number now in use, 378.
14. Number of blow-off gates, 30.
15. Range of pressure day and night, 58 to 63 pounds.

SERVICES.

16. Wrought iron, cement lined, galvanized and lead.
17. From $\frac{3}{4}$ to 6-inch.
18. Extended 1880 feet.
20. Total miles, 10 miles, 2,910 feet.
21. Service pipes or taps added, 47.
22. Number now in use, 1,824.

- 24. Meters added, 1.
- 26. Number now in use, 106.
- 28. Motors and elevators in use, 10.

I would recommend:

That a pipe be laid through Eastern avenue. This pipe would be a great help to the system, as it would give a much better fire protection to the mills on Water street and that part of the city.

That Grove street be relaid with six-inch pipe; the pipe in this street is only two-inch from Marlboro street to Myrtle, and four-inch from Myrtle to Water street.

That the line in Carpenter street be extended to Church street.

The works are in good condition.

Respectfully submitted,

PAUL F. BABIDGE,
Superintendent.

RECAPITULATION.

57,413 feet of covered drains=10 miles, 4,613 feet.

11,058 feet open ditch.

I would recommend:

That a pipe line replace the open ditch between Church and Water streets.

That Beaver Brook be cleaned and the banks protected.

The drains are working well.

Respectfully submitted,

PAUL F. BABIDGE,
Superintendent.

REPORT OF THE INSPECTOR OF PLUMBING

FOR THE YEAR ENDING SEPTEMBER 1, 1902.

Number of permits granted 1902,	96	
Reported September 1, 1901,	220	
	<hr/>	
Whole number September 1, 1902,		316

MAINTENANCE.

Inspection and labor,	\$409 50
-----------------------	----------

ORDINANCE.

SECTION 18, CHAPTER 4, CITY ORDINANCES.

SECT. 18. 1. There shall be a board of examiners of plumbers who shall be appointed, and whose duties shall be prescribed by law. Said board shall consist of the number required by law and shall hold their office for one year or until their successors are appointed. Vacancies happening in said board for any reason shall forthwith be filled for the remainder of the term. Whenever any person, firm or corporation registered at the office of said board of examiners as required by law shall change his or its place of business, said person, firm or corporation shall forthwith send to said office a written notice of such change and of his or its new place of business.

II. There shall also be an inspector of plumbing who shall be appointed by the board of mayor and aldermen, shall hold his office for one year or until his successor is appointed and who shall inspect all plumbing work for which permits are granted, in process of construction, alteration or repair, at any and all times, and perform such other duties as are herein or may be hereafter prescribed and required by law or ordinance.

SECT. 19. I. On every street provided with a common sewer, the sewage from each building shall be conducted into the common sewer and no privy vault or cesspool will be permitted on any premises situated on such street unless upon permission of the board of health in writing.

II. No fixture by and through which waste water or sewage is used and carried, shall be placed in any building in the city of Keene, except in accordance with plans which shall be approved by the inspector or such person as said inspector may designate; nor shall any plumbing work be done in said city except in case of repair of leaks without a permit being first issued therefor, as hereinafter provided.

III. The inspector shall issue permits to do plumbing work as herein provided; before any such permit shall be issued the applicant shall file in the office of said inspector plans and specifications of the plumbing and drainage system wherein the work is proposed to be done, showing in such detail as the inspector shall require the pipes, tanks, faucets, valves and other fixtures intended to be placed in said building, and no permit shall be issued until such plans and specifications shall have been approved by the inspector or by such person as the inspector may designate for that purpose.

Every permit shall be issued and accepted upon the condition that it may be revoked at any time by the inspector; that the firm or corporation to whom the permit is issued shall conform to the statutes of the state and the ordinances and regulations of the city of Keene, and said plans and specifications, and shall indemnify and save harmless the said city of Keene from any damage it may sustain, or be required to pay by reason of doing the work permitted, or by reason of any act or neglect of himself, or any of his employes, relating to such work, or by reason of any violation of any specification in such permit.

No person after receiving a permit shall commence any portion of the work thereby authorized at an earlier date than that named in the application for such permit without first notifying the inspector in writing, and all work shall be done in a thorough, skillful and workmanlike manner. The plan and specification stated in the application shall be approved or rejected within five days of the time of filing, and such plans once approved, shall not be altered except by written permission from the inspector.

Blank specifications will be furnished to architects, plumbers and others, on application at the office of the inspector.

IV. Notification. The plumber in charge of the work shall notify the inspector of plumbing when the main drain, soil, waste or ventilating pipes are in place and before any fixtures are attached, and said plumber shall again notify said inspector when the work is completed and ready for final inspection, and all work must be left uncovered and convenient for examination until inspected and approved by the inspector of plumbing.

No drainage system shall be considered approved until a certificate of approval has been granted by said inspector.

All plumbing work shall be tested in such manner and on such notice as the inspector may order. If the work does not stand the test, and the same is not remedied within ten days, the water shall be turned off by order of the inspector or his agent and not let on again until the plumbing has been pronounced satisfactory by the inspector.

V. Materials. Every soil, waste or ventilating pipe above the ground or inside or under the building shall be of metal. Soil pipe shall be of iron, sound, free from sand holes, of a uniform thickness and four inches in diameter, and waste pipe shall be of iron, lead or brass. The portion of the main drain within the house walls and through to two feet outside the cellar wall, shall be of iron, and shall pass through the walls two inches clear of masonry on the top of both sides, to avoid injury by settlement. Beyond this point it shall be of extra heavy iron pipe or vitrified earthen pipe of suitable size, with a fall of at least one-quarter inch to the foot.

VI. Joints and connections. The inspector shall have authority to make such rules and requirements as he may deem suitable for the materials and manner of construction of all joints, connections with soil or other pipes and changes in the direction of pipes. No saddle hub will be allowed on any plumbing except when permitted by the inspector.

VII. Water closets. Water closet apartments shall be well ventilated and lighted. All water closets shall be furnished with a sufficient supply of water to keep them at all times clean and well flushed, and shall be supplied from

a special tank, which shall not hold less than five gallons of water for each closet which it supplies.

VIII. Traps. Each fixture shall have an effectual trap as close to it as practical and approved by the inspector.

IX. Safes, Overflows and Refrigerators. Waste pipes from safes and refrigerators, and overflow pipes from tanks or cisterns shall empty over sink, trapped gully or otherwise as may be approved, but shall not connect directly with the drainage system. No steam exhaust, blow-off, drip pipe or cellar drain or rain water conductor shall connect with the sewer, or with any house drain soil pipe or waste pipe.

X. Cleanouts. Suitable cleanouts shall be provided on all runs of horizontal pipes, at such intervals as the inspector may order; a cleanout shall be provided in the main drain near the cellar wall by means of a Y branch, said cleanout to be calked with the straight end of the Y branch.

Ventilation. Soil pipes shall be continued full bore up through the roof in as direct line as possible. All branches of ten feet or more in length shall be continued at full size through the roof or be taken into the soil pipe above the highest fixture. Any branch less than four inches in diameter to be carried through the roof, shall, before passing through the roof be enlarged to four inches in diameter. All pipes when carried through the roof shall extend two feet above the roof, and when within fifteen feet of windows or other openings shall extend as high above the top of said windows or opening as the inspector shall require. No cap except a wire basket shall be fixed to the top of a vent pipe.

When ventilation pipes other than the continuations of the soil pipe or branches thereof, are put in, they shall be subject to such rules as the inspector may prescribe, as to their size, material and construction and shall be so constructed as not to allow the formation of a trap and shall not be used as waste pipes. No soil, waste or ventilating pipe, except a local vent pipe, shall be connected with a chimney. No brick, earthenware or sheet metal pipes shall be used for ventilating a soil or waste pipe.

XI. Arrangements. Soil, drain, waste and ventilating pipes shall be concentrated as much as possible, and on the completion of the work shall be left readily accessible and in view as much as possible.

Drain, soil, waste and ventilating pipes should be ex-

posed to view for ready inspection at all times, and for convenience in repairing. When necessarily placed within partitions or recesses in walls, soil or waste pipes shall be covered with woodwork so fashioned with screws as to be readily removed. In no case shall they be absolutely inaccessible. Any house drain put in and covered over without due notice to the inspector must be uncovered for inspection at the request or direction of said inspector.

XII. Workmanship. The whole drainage and plumbing work in buildings, shall be executed by registered or licensed plumbers.

XIII. Lead and cast iron pipes shall be of such weight per foot as the inspector may deem necessary and he may order extra heavy pipe to be used in such places as in his judgment it is required. He shall also make rules for the material, size and number of supports, hangers and clamps for pipes.

XIV. Every kitchen sink of an eating house, hotel, restaurant, or other public cooking establishment, shall have a grease trap placed as near as practicable to the sink and easily accessible for cleaning.

XV. Old house sewers or drains can be used for new houses only when found by an inspector to conform in all respects to the foregoing regulations governing new sewers and drains. All drains now in, as well as soil and waste pipes, shall be reconstructed whenever in the opinion of the inspector it may be necessary.

Cesspools. Every building upon a street or passageway not provided with a public sewer shall be connected, when required by the board of health, with a proper cesspool with a capacity to contain at least seventy-five cubic feet below the inlet pipe, and located at least twenty feet from any building and three feet from adjoining property, and shall be suitably vented, and no cesspool or vault shall be constructed without a permit obtained from the board of health. In such houses the sink shall be provided with a four-inch round trap, where a sink only is used. Where a water closet is used, the plumbing in such house shall conform to the ordinances relating to plumbing in the city of Keene.

Respectfully submitted,

PAUL F. BABIDGE,

Inspector.

REPORT OF

Special Committee on Additional Water Supply.

At the beginning of the year, in response to a largely signed petition earnestly praying for an increased and purer supply of water, a special committee on additional water supply was appointed by the city councils composed of the joint standing committee on water works, sewers and drains, and the board of water commissioners. The committee was organized with Norris G. Gurnsey, chairman, and Henry W. Lane, clerk.

In a report presented to the city government April 25, this committee recommended the purchase of from 75 to 100 acres of land below Echo lake bordering on Roaring brook so as to preserve the purity of its water; and the purchase of a tract of 30 acres on Roaring brook, about a quarter of a mile east of the Boston & Maine railroad, on which to construct an intercepting dam from which a pipe line was to be laid through South Keene to connect with the existing Marlboro street line. An appropriation of \$25,000.00 was asked for and was provided by the finance committee through a sale of \$25,000.00 of 3½ % bonds at a premium of \$978.00.

The committee has carried out the plans proposed. Competitive bids were obtained for the construction of the dam according to plans and specifications made by Superintendent Babbidge and Engineer Wadsworth. The lowest bidder was the General Construction Company of New York, to whom the contract was awarded. Their work was thorough and perfectly satisfactory. A masonry dam was built 135 feet long and 19 feet above the

original bed of the brook, making a reservoir estimated to contain 2,500,000 gallons of water at a level of 257 feet above Main street railroad crossing, and 98 feet above the level of Sylvan lake.

The cast iron pipe was purchased of the Donaldson Iron Co., whose bid of \$27.20 per ton was the lowest obtainable. 11,593 feet of 12-inch pipe has been laid from the dam to the schoolhouse at South Keene. The water was turned into the city mains Nov. 28. Three lengths of pipe which were found to be cracked were replaced, and as many lead joints had to be retamped. So few leaks are unusual in a line over two miles long. It was estimated that this line would deliver 2,240,000 gallons of water per day against the old pressure of 40 lbs. at the schoolhouse. The amount of water actually delivered we are unable to state, but the pressure is entirely satisfactory. At the South Keene bridge the gauge shows a pressure of 90 lbs., affording ample fire protection to the village. At the schoolhouse it is now 90 lbs. where before it was 40 lbs., and at Eastern avenue it has risen from 50 lbs. to 100 lbs. The pressure at City Hall has increased from 51 lbs. to 61 lbs., at which point it is almost stationary the entire day. In case of a large fire this additional pressure will be of immense value to the city.

In order to further protect the purity of our water supply, the city councils have recently caused to be purchased the French land of 11 acres, and the Cota farm, so-called, of 160 acres. Each piece borders upon Roaring brook, and together they extend a mile down the brook from land already owned. This affords ample protection to our water supply in a region that has hitherto been subject to much unfavorable criticism.

The cost of the new system has been \$26,300.00, exclusive of the French and Cota lands, for which an appropriation of \$1,620.00 was made. Detailed items will be found in the report of the superintendent of water works.

HENRY W. LANE,

Keene, N. H., December 10, 1902.

Clerk.

REPORT OF HIGHWAY COMMISSIONERS.

To His Honor the Mayor and Gentlemen of the City Councils :

We herewith submit our report to December 1, 1902, for the highway department. The expenditures have been larger than expected, owing to several badly washed streets in the spring, and work on several new streets not planned for in the summer's work. In the wash-outs the Tyler ravine was much the most expensive. The original stone culvert at this place was built many years ago—out of cobbles, and had evidently fallen in at the sides owing to washing away of the sand back of and over the walls during the freshet that occurred only a day or two before its collapse. This old stone sluice was replaced with a 42-inch steel pipe, cemented upon the outer surface and painted inside. A substantial bank-wall was built on the east embankment. The fill required about 500 loads of sand. It would seem that this might last permanently, where before it has given more or less trouble. There were also wash-outs on Court street above the stone bridge, near C. M. Holman's, on Pearl street, on Beech Hill above the old stone crusher and on the old Sullivan road near John Woodbury's. Cost of repairing these will be found in detailed statement.

Your honorable body fully appreciates the fact that it takes about so much money each year to keep the roads in good condition and that it is economy to so keep them—and also, that it seems to be the wish of the people that

a certain amount of permanent stone road should be constructed each year, and we have no doubt you will be as liberal in your appropriations for the ensuing year as the finances of the city will allow.

MACADAM.

Main street has been covered from the railroad track south to Elliot street cross walk with broken stone. This street had been repaired from time to time mostly with river gravel. To prepare the road it was plowed, the larger cobbles raked to one side—a sufficient quantity of the finer gravel drawn away to make the right grade, the cobbles put back for a foundation and covered with broken stone to a depth of five or six inches (after being rolled). Including all expenses of labor, and repairs to crusher, roller, etc., etc., the cost per square yard has been $23\frac{1}{3}$ cents. This is a street that probably gets as much heavy travel as any in the city—and the tax-payers will watch carefully its durability as compared with roads built eight to twelve years ago, where broken stone was used to twice the depth and at an expense of three to four times as much per square yard. The river cobbles have been used wholly for this season's work and have the appearance of being much better quality than the general run of field stone. For near-by work, of course they are cheaper, and we think they can be carted even farther away than Central square as cheaply as to pay 35 cents per ton (our usual price). There is more work to be done on lower Main street, Marlboro street from Main to Willow, stone surfacing of Mechanic, and lower part of Elm is greatly needed, and we hope a little surfacing can be done on Central square, with a gutter around north, east and west sides to prevent all the water from roofs and window washing from running across to the park and keeping roadway muddy all of the time when streets are dry elsewhere. We think the crusher should remain at the river for at least one more season. A list of expenditures

in this department and the area of road covered is appended. The length of Main street macadamized is 2,013 feet—the width 30 feet each side of electric railroad track north of hotels, 50 feet each side in front of hotels, and 20 feet each side south of there. Deducting for cross walks we have 10,342 square yards—equal to $1\frac{1}{4}$ miles of road 14 feet wide, and at an expense equal to \$1,916 per mile at 14 feet in width.

Respectfully submitted,

GEORGE H. EAMES.

SIDNEY C. ELLIS.

JAMES F. MORSE.

Keene, December 12, 1902.

REPORT OF
SUPERINTENDENT OF HIGHWAYS.

To His Honor the Mayor and City Councils:

I herewith transmit the following report for the year ending December 1, 1902.

LIST OF PROPERTY BELONGING TO THE CITY OF KEENE.

Eight horses, ten harnesses, four carts, one wagon, two tip carts and harnesses, three sleds, sixteen blankets, sixteen snow plows, two snow rollers, two large and one small roller, one steam roller, four chains, four spread chains, eight halters, one snow scraper, two screens, eight whiffletrees, eight fly nets, one Towne macadam scraper, one Champion road scraper, one Climax road scraper, three plows, one hardpan plow, twelve picks, four bog hoes, one lawn mower, twelve shovels, two striking hammers, five face hammers, four bush hooks, eight hoes, eight stone pickers, two hooks, eight iron bars, five saws, four augers, two levels, two bush scythes and snaths, one grindstone, four axes, three iron rakes, twenty drills, three dump barrows, one derrick, bits and brace, two paving hammers, one ice scraper, six baskets, two ladders, four brushes, four curry combs, one oil can, twelve lanterns, five wrenches, two small hammers, eight small drills, shims and wedges, one stone boat, two boat planks, six neck yokes, four forks, one vise, one tool box, two sprinkle wagons, two sets fall blocks, 10,000 feet of lumber.

The highway department has deposited with the city treasurer the following sums, to wit:

Street sprinkling,	\$668 00
Rent of city pasture,	40 00
Sand sold,	15 00
Keeping horses for fire department,	260 00
Error on pay roll No. 1759,	11 00
Work done for cemetery department,	54 72
21 calls to fires,	220 50
Work on Ingersoll fountain,	2 20
Drawing wood for overseer of poor,	11 70
Work for water works, sewers and drain department,	83 25
	<hr/>
	\$1,366 37

Very respectfully,

E. A. NIMS,
Superintendent of Streets.

Keene, December 12, 1902.

REPORT OF PARK COMMISSIONER.

To His Honor the Mayor and City Councils :

Balance from last year,	\$51 05	
Appropriation, 1902,	200 00	
	<hr/>	
		\$251 05
Paid George A. Wheelock, salary,	\$25 00	
Paid Sidney A. Ellis, work, etc.,	146 95	
Paid Damon C. Twitchell, work, etc.,	15 30	
Paid Carlton E. Thompson, work, etc.,	61 40	
	<hr/>	
		\$248 65
Balance to new account,		\$2 40

In addition to the care of the picnic ground the work has been mostly clearing and burning brush. Much trimming has been done with a view to safety from fires. Former fires have flashed through the dead twigs of large trees and killed several. Last year's fire in Robin Hood Forest was quite destructive. It is believed now there are a dozen acres of pine lands made quite safe from this danger. Pines and birches replant burnt places faster than the commissioner can do it.

Respectfully submitted,

G. A. WHEELOCK,
Park Commissioner.

Keene, December 4, 1902.

REPORT OF
CHIEF ENGINEER OF FIRE DEPARTMENT.

To His Honor the Mayor and City Councils:

Herewith please find the report for fire department for the year ending December 1, 1902.

During the year forty-nine alarms have been responded to, twenty-two of which were bell calls and twenty-seven were still alarms.

FIRES AND LOSSES FOR YEAR ENDING NOV. 30, 1902.—Continued.

Date.	Hour.	Box.	Location.	Owner.	Property.	Esti- mated Value.	Loss.	Insur- ance Paid.	Origin.

" 29	10.35 p. m.	8	Church st.	F. Petts					Unknown

51 calls in all. 21 calls from boxes. 30 still alarms.

Eight hundred feet of hose has been bought, and seven hundred feet given out entirely which cannot be repaired. Several times during the year we have had temporarily an insufficient amount of dry hose. I would recommend at least 1000 feet of new hose being added, which will but little more than make up for constant depreciation. More tower attachments are needed to facilitate the drying of hose.

The efficiency of the department has been materially increased by the addition of a new ladder truck with an equipment of long ladders. For a long time the department had felt the need of more long ladders, but with this new piece of apparatus we are well supplied with ladders in the event of fires in our tallest buildings. Under the present conditions truck No. 1 responds to all first alarms, leaving truck No. 2 in reserve. This arrangement allows for protection while truck No. 1 is out on duty, and in case of a large fire both can be called into service if the occasion requires.

Two extension ladders have been bought, one for each hose wagon, for use at chimney fires, etc., and the Amoskeag engine has been repainted. Ladder truck No. 1 needs repainting, and if in your judgment it is deemed wise to have it done, it would seem that the most favorable time for it would be while the ladders are on runners. The new reservoir in Roxbury has added considerably to the hydrant pressure, besides giving protection at South Keene.

Very frequently we are called to fires when extinguishers are inadequate to the occasion, and hydrant streams tend to cause more or less water damage. This weakness could be remedied by procuring a combination chemical engine. It is very apparent that losses could in many instances be lessened with an engine of this kind, and I am sure that a full investigation by you would warrant the purchase of one of these machines.

The chief has been approached several times as to the advisability of placing a fire alarm box on the fire station.

There seems to be much in favor of this suggestion and I would call your attention to the matter. One of the most valuable acquisitions to the department is the cellar pipe, but one is hardly sufficient for the present needs. With one or two exceptions, which I have alluded to, the apparatus and appendages are in excellent condition. I desire to express my thanks to my assistants and the members of the department; also to the city government, for their attentions and courtesies extended and for caring for the wants tributary to this department.

Very respectfully,

FRED W. TOWNE,

Keene, December 12, 1902.

Chief Engineer.

INVENTORY OF PROPERTY.

Steamer Button No. 2, steamer Amoskeag No. 2, one hand engine, Deluge hose wagon, steamer hose wagon, two hook and ladder trucks, two jumpers, 5,700 feet hose, six Babcock extinguishers, four engineers' lanterns, two hydrant gates, two Y couplings, one Siamese coupling, one cellar pipe, six ladder dogs, uniforms, rubber coats and rubber boots for Steamer Co., uniforms, rubber coats and rubber boots for Hook and Ladder Co., uniforms, rubber coats and rubber boots for Deluge Hose Co., one sled for Hook and Ladder Co., one sled for Steamer Hose Co., one sled for Deluge Hose Co., new, four sets swing harnesses.

FIRE ALARM TELEGRAPH.

Location of boxes and instructions to firemen and officers:

- Box 52. Emerald street, corner Ralston street.
- Box 53. Winchester street, corner Island street.
- Box 65. South Keene.
- Box 72. West Keene.
- 12. Military call.

SIGNALS.

The following signals were adopted by the board of engineers, December 2, 1887, and are still in force.

1. The superintendent has the right to strike one blow upon the bells at any time, to test the circuit; also to ring in one round from any box, preceded by a single blow, exactly five minutes after the noon stroke, on Saturdays, for the purpose of testing the boxes.

2. The signal 22 repeated on the bells is to call the firemen to their houses for further orders.

3. Two blows struck upon the bells after a fire alarm is a signal to "limber up," and recalls all firemen and apparatus to the engine houses, unless especially detailed for duty.

4. In case of a serious fire the engineers may cause a second alarm to be sounded from the nearest box. A second alarm is given by striking ten blows, followed by the box number.

5. As box 9, which is located on city hall, is still likely to be used for a general alarm, and to be pulled for a fire which is not in or near the square, the engineers will ring in a second alarm or four full rounds from this box, if there is a fire of any magnitude near the square.

6. The old alarm on city hall will only be rung between 9 p. m., and 6 a. m., except in case of serious fire.

7. Arrangements have been made with the Beaver Mills Co., and alarms of fire will be given on their whistle same as by the bells.

GENERAL RULES.

Firemen as well as citizens should familiarize themselves with the following rules for giving alarms of fire.

1. Never pull a box for a fire seen at a distance.

2. Never pull a box while the alarm bells are ringing, nor until a box has completed its four rounds. Two boxes cannot operate together and neither will work if two are pulled at the same time. Never pull two alarms or two boxes for the same fire. The engineers will sound second alarms if necessary.

3. To ring in an alarm, break the glass in the key box and open the outside door with the key. Pull down the brass crank, seen inside, *till it stops*, then let go. Then let the box alone. The clock will be seen or heard to be running, and the alarm will follow in half a minute or so. Close the box and remove the key.

Remember that the firemen will come directly to the box which has been pulled, and be sure that someone stays at the box to direct them to the fire.

TELEPHONE ALARMS.

Box 22, which is located in the central telephone office, is the box which will be pulled to sound all alarms of fire

sent in by telephone. When this box is pulled, firemen and all others can ascertain the location of the fire from the telephone office.

Do not send a telephone alarm if there is an alarm box within reasonable distance. Box alarms are always the surest and best. Telephones can seldom be used during thunder showers; the boxes can always be used.

To send in a telephone alarm, call the central office. Tell the operator slowly, first, the ward, then the street and house where the fire is situated. The operator will repeat "Fire, ward so and so, such street or house." Answer, "all right," if you are correctly understood. If the fire is in South Keene or West Keene, give the fact instead of the ward number. The operator will then leave the telephone and sound the alarm.

REPORT OF SUPERINTENDENT OF FIRE ALARM.

To His Honor the Mayor and Gentlemen of the City Councils:

The general condition of the fire alarm telegraph system in the city is good. It has been extended during the year to the house of Engineer Foley, requiring about 600 feet of wire. A new box has been ordered to be placed at the corner of Spring and Brook streets and will soon be installed. The number will be 26. A burn-out caused by a cross with the trolley and electric lighting wires has necessitated the putting in of a new lightning arrestor. The system comprises twenty miles of wire, twenty-seven pairs of magnets, a battery of one hundred and fifty cells, twenty-five alarm boxes, two public alarm bells and numerous private call bells for firemen.

On September 4, 1902, the councils accepted, free of expense, the fire alarm wire and other property of the Keene Private Line Association, for the use of firemen and others.

All applications for connections with the private line shall be made to the joint standing committee on fire department, and if granted by said committee, all connections shall be made and all apparatus connected by the superintendent of the fire alarm telegraph.

Any active fireman may be granted leave to maintain an alarm bell by paying the expense of said bell and the connections therefor; and each ex-fireman so using the fire alarm telegraph shall pay to said city the sum of three dollars; and every other person the sum of five dollars as annual rental, and in addition thereto shall pay for the

expense of connecting; and for each bell, and all other apparatus so connected or used.

The superintendent recommends that magnets for boxes and tappers and all other vital parts of the system be kept on hand to guard against loss of efficiency in case of accidents.

The present system is overloaded already, and in view of the fact, that, from time to time, more bells and boxes are added, the time has arrived or is near at hand, when the power will not be adequate to operate the alarms effectively. The increase of expense and the crowded condition of the battery room, are items to be considered, and when any considerable expenditure is contemplated, it should be applied in the line of economy; which seems to point to a storage system.

Respectfully,

J. F. EMMONS,

Superintendent of Fire Alarm.

Keene, December 12, 1902.

REPORT OF
TRUSTEES OF KEENE PUBLIC LIBRARY.

To the Honorable Mayor and Board of Aldermen:

The trustees of the public library make the following report:

Owing to the illness of the librarian, Miss Southworth, leave of absence was granted her from June first, which has since been extended a year from November first. The work of recataloguing has been discontinued, but the trustees are expecting to supply a competent person to continue the work. During the past year the charge of the library has been given to the assistant, Miss Russell, who has filled the position most acceptably, being very faithful and untiring in her efforts.

The library has received several gifts, prominent among them is a bronze tablet bearing the names of the Revolutionary soldiers of Keene, gift of the Ashuelot Chapter, Daughters of the American Revolution; on the occasion of its dedication the library was closed. Among the many books two were especially worthy of mention, "Tissot's Life of Christ," 4 volumes, the gift of Mrs. E. C. Thayer, and the "Lawson History of the America's Cup," gift of Mr. Thomas W. Lawson of Boston; and an old engraving "Birds eye view of Keene," gift of Mrs. J. N. Morse.

The growth of the library and the need of stack room, and a fireproof vault, make an addition necessary, and the trustees hope to have the present stack room extended.

MARY A. A. PRENTISS,

Secretary.

Keene, December 6, 1902.

STATISTICS.

	<hr/>
	\$4,208 44

All of which I deposited with the city treasurer, and for which I hold his receipts.

FRANK H. WHITCOMB,
Keene, December 12, 1902. City Clerk.

REPORT OF CITY MESSENGER.

To His Honor the Mayor and Gentlemen of the City Councils:

I herewith present this report as city messenger from December 1, 1901, to December 1, 1902.

Received for rent of city hall:

December, 1901,	\$85 00
January, 1902,	203 00
February,	111 00
March,	60 00
April,	143 00
May,	60 00
June,	75 00
August,	35 00
September,	120 00
October,	145 00
November,	347 00
	<hr style="width: 100%; border: none; border-top: 1px solid black; margin-top: 5px;"/>
	\$1,384
Deposited with city treasurer,	\$1,384

The scenery and permanent fixtures connected with the city hall stage are in a bad state of repair; the falling of a part of the fixtures, twice recently during the progress of entertainments, might have resulted seriously, but fortunately no one was hurt. I recommend that the committee on land and buildings be authorized to look over this part of the hall, with a view to reporting to the city councils, what, in their judgment ought to be done.

Respectfully,

J. F. EMMONS,
City Messenger.

Keene, December 10, 1902.

REPORT OF OVERSEER OF POOR.

To His Honor the Mayor and Gentlemen of the City Councils:

In the amount expended for city paupers, \$1,051.80 is for paupers in institutions outside of the city.

E. H. FLETCHER,
Overseer of Poor.

REPORT OF CITY PHYSICIAN.

To His Honor the Mayor and Gentlemen of the City Councils:

During the past year I have treated among the city's poor, the following cases, viz: one each of anæmia, apoplexy, colic (intestinal), debility (nervous), gastritis, indigestion, menorrhagia, neuralgia, pneumonia, scrofula, sprain of elbow, sprain of knee; two cases of cystitis, eczema and tonsillitis, three cases of coryza and five cases of la grippe. There have been 85 house calls and 14 office calls during the year. Nine calls have been attended at the police station, one each of contusion of back and side, epilepsy (traumatic), and examination for insanity; three cases of acute alcoholism and three cases of lacerated wounds of the scalp.

One death occurred, being caused by apoplexy. There have been no births attended during the year.

Respectfully submitted,

JOHN D. PROCTOR, M. D.,
City Physician.

Keene, December 6, 1902.

REPORT OF BOARD OF HEALTH.

To the City Councils of Keene:

In making our report for the year, we say that we have investigated all complaints that have been made to us, coming within our jurisdiction, and have disposed of the same as seemed best to the parties concerned and for the good of the public generally.

Such orders as have been made by this board have been complied with, and our suggestions have been cheerfully followed.

Aside from the usual routine of business disposed of, there have been brought to our attention and reported to us as existing within the city, five cases of scarlet fever, ten cases of diphtheria and five cases of typhoid fever, all light cases, and a recovery in every one.

To that number there have been several cases of measles, twelve reported, and no deaths in any case.

Other than these, there has been no matter of especial interest to be reported by this board.

At the present time there is no case of contagious disease existing in the city, which has been brought to our attention.

H. K. FAULKNER,
L. WELLINGTON,
C. G. SHEDD,
Board of Health.

Keene, December 1, 1902.

REPORT OF
BOARD OF EXAMINERS OF PLUMBERS.

To the City Councils of Keene:

During the year we have issued two master plumbers' licenses, one journeyman's license, and six renewals.

Amount received for the same,	\$6 00
Paid the treasurer of the city,	6 00

H. K. FAULKNER,

L. WELLINGTON,

D. W. MITCHELL,

Board of Examiners of Plumbers.

Keene, December 1, 1902.

REPORT OF SUPERINTENDENT OF CEMETERIES.

To His Honor the Mayor and Gentlemen of the City Councils :

The general care of the cemeteries, for which provision is made by City Ordinance, has been given careful attention, as has also the special care of such lots as are provided for by funds held in trust by the city, or at the expense of the owners who request it.

During the year the Greenlawn and Woodland cemeteries have been improved and protected by the building of about two hundred and thirty-five rods of fence around that part of the cemeteries bordering on the meadow and extending from Cottage street to George street.

Other improvements such as the removal of objectionable or dangerous trees and stumps, the filling of unsightly depressions, the cleaning of moss-grown stones, etc., have been accomplished as opportunity has afforded.

An earnest effort has been made to establish reliable records of all lots, the location of graves, dates, boundaries, etc., and maps and plans are being prepared, and record books used so that when completed such information may be readily accessible. A notable improvement is the repairing and extending of the water system in Woodland and Greenlawn, about sixteen hundred feet of new pipe being laid this season, thus making a reasonably convenient supply for the lot owners in those cemeteries. Many purchasers of lots, attracted by the natural beauty and other desirable features of the northeastern division of Woodland,

are deterred from giving it their final choice by the very inadequate water supply, rightly feeling that it would be well nigh impossible to keep a lot in good condition under existing circumstances. On this account, as well as in behalf of those already owning lots in this division, I would recommend that the city councils give this matter their early attention.

I herewith submit the following report of my receipts from December 1, 1901 to December 1, 1902.

Dec.	Sexton work, \$62.00, labor, .50, loam, .25, care of lots, \$7.00, ashes, .25,	\$70 00
Jan.	Sexton work, \$49.00, labor, \$21.83, loam, \$3.25, care of lots, \$91.00, collected on lots sold, \$20.00, fertil- izer, \$3.00, grass seed, \$1.00, crushed stone, \$1.75,	190 83
Feb.	Sexton work, \$31.00, labor, .50, loam .25, care of lots, \$28.00, col- lected on lots sold, \$5.00, fertilizer, .25,	65 00
Mar.	Sexton work, \$44.50, labor, .75, care of lots, \$18.00, collected on lots sold, \$35.00,	98 25
Apr.	Sexton work, \$74.50, labor, \$9.75, loam, \$4.75, care of lots, \$24.00, col- lected on lots sold, \$55.00, fertilizer, \$2.75, grass seed, .75, dividend from Cheshire Provident Institution, \$2.94,	174 44
May.	Sexton work, \$27.00, labor, \$59.15, loam, \$43.00, care of lots, \$34.00, collected on lots sold, \$132.50, fer- tilizer, \$6.50, crushed stone, \$2.00, grass seed, \$2.80,	306 95
June.	Sexton work, \$21.00, labor, \$44.15, loam, \$18.00, care of lots, \$10.00, collected on lots sold, \$19.00, fertil-	

izer, \$2.75, crushed stone, .50, grass seed, \$1.25,	\$116 65
July. Sexton work, \$14.50, labor, \$24.85, loam, \$12.00, care of lots, \$13.00, collected on lots sold, \$38.00, fertilizer, \$3.15, grass seed, \$1.50, crushed stone, .50, sods, \$2.00,	109 50
Aug. Sexton work, \$23.00, labor, \$12.25, loam, \$2.00, care of lots, \$9.00, collected on lots sold, \$10.00, fertilizer, \$1.00, grass seed, \$1.25, crushed stone, \$3.75,	62 25
Sept. Sexton work, \$24.50, labor, \$4.50, loam, \$1.50, care of lots, \$15.00, collected on lots sold, \$42.00,	87 50
Oct. Sexton work, \$33.50, labor, \$6.25, loam, \$1.00, care of lots, \$22.00, collected on lots sold, \$107.50, fence posts, \$1.61,	171 86
Nov. Sexton work, \$18.00, labor, \$1.50, loam, \$1.00, hay, \$25.00, collected on lots sold, \$135.00, fence posts, \$1.15,	187 65
Total,	<hr/> \$1,640 88

All of which I have deposited with the city treasurer, and hold his receipts for the same.

Respectfully,

WALTER E. MASON,
Superintendent.

Keene, December 6, 1902.

REPORT OF CITY SOLICITOR.

To the City Councils:

I respectfully report that the city has had no law-suits upon its hands during the past year, with the exception of one defaulted action brought by the city for unpaid taxes, and at present there is no suit pending in which the city is a party. During the year two small claims for damages caused by defective highways have been settled before they reached the stage of legal proceedings.

JOHN E. ALLEN,
City Solicitor.

Keene, N. H., December 1, 1902.

REPORT OF CITY MARSHAL.

To the Honorable Board of Mayor and Aldermen:

I respectfully submit the following report of the police department for the year ending December 1, 1902.

There have been 213 persons arrested for offenses as follows:

Drunkenness,	170
Obstructing officer,	1
Insane,	3
Larceny,	12
Aggravated assault,	2
Runaway boys,	2
Brawl,	2
Keeping vicious dog,	1
Assault,	6
Breaking and entering,	2
Vagrant,	2
Assault on officer,	1
Escaped prisoner,	2
Burning building,	1
Abuse of horse,	1
Indecent language,	1
Detained for other officers,	1
Indecent exposure,	1
Stubborn child,	1
Loitering,	1

Miscellaneous:

Bicycles left out after hours and cared for,	48
Lights left burning by mistake and reported,	30
Number of lights reported out of order,	5
Places having no lights at night where lights are usually kept, reported,	11
Runaway teams stopped by officers,	3
Persons ordered to leave the city,	5
Lost children returned to parents,	8
Accidents attended to by officers,	5
Fires put out by officers,	2
Places reported to chief of fire department,	1
Value of goods left out,	\$62.50
Value of lost property recovered,	284.50
Value of stolen property recovered,	551.50
Number dangerous dogs killed,	5
Number of persons given lodgings,	356
Doors found unfastened at night,	186
One dead body of infant child found and properly cared for.	

Pursuant to Section 2, Chapter XX, City Ordinances, the marshal has investigated 17 complaints against habitual truants made by teachers and reported to superintendent of schools, but no complaints have been prosecuted by his direction. In accordance with the provisions of Chapter LX, Laws of '91, the marshal has collected 260 delinquent dog license fees, or reported the animal dead or gone from the city. No suits had to be entered, but by request, several dogs were killed.

Received of private parties for police work and
deposited with city treasurer, \$15 60

Respectfully,

GEORGE COLE,
City Marshal.

Keene, December 8, 1902.

AINSWORTH M. NIMS,
Collector.

Keene, December 16, 1902.

VITAL STATISTICS.

VITAL STATISTICS.

To His Honor the Mayor and Gentlemen of the City Councils :

In compliance with an act of the legislature, passed June session 1887, amended by the legislature of 1899, requiring "clerks of towns and cities to furnish a transcript of the record of births, marriages and deaths to the municipal officers for publication in the Annual Report," I hereby submit the following:
